

President Eisenhower Is "Rested And Refreshed" After Good Night's Sleep; Flies Here In Few Weeks

DENVER (AP)—President Eisenhower was reported today to be feeling "rested and refreshed" after a good night's sleep.

A 7 a.m. MST medical bulletin from the bedside said:

"The President had another good night. He slept from 9:30 p.m. to 5:30 a.m., when he awoke feeling rested and refreshed.

"His condition continues to progress satisfactorily without complication."

After wiring his vice president last night to carry on affairs of the National Security Council and the Cabinet, Eisenhower last night had been reported "in a cheerful mood" after a "good day."

No Evidence Of Fatigue

The uneasiness created by word Sunday night that the chief executive didn't "feel as well as usual" evaporated after physicians found no evidence of fatigue.

Dr. Paul Dudley White, Boston heart specialist, reported "everything goes well" at the sickbed on the eighth floor of Fitzsimons Army Hospital.

This is the second crucial week in the aftermath of the coronary thrombosis the President, who will be 65 Oct. 14, suffered Sept. 24 at the Denver home of his mother-in-law Mrs. John S. Doud.

By the weekend, barring complications, his doctors look forward hopefully to a period of convalescence which will enable Eisenhower to move into a more active direction of government.

Coming Here In Few Weeks

The expectation is that he will be flown to his farm at Gettysburg, Pa., in two or more weeks for a period of recuperation during which he will be able to confer with administration advisers on matters requiring his early attention.

In a 10-minute business conference yesterday with his chief deputy Sherman Adams, the President signed a letter to Vice President Nixon asking him to carry on the meetings of the Cabinet and Security Council.

He also signed a memorandum to Secretary of the Treasury Humphrey which, in effect, makes Japan a member of the General Agreement on Tariffs and Trade.

At the same time he signed a routine memorandum authorizing John B. Hollister, director of the International Cooperation Administration, to send to six congressional committees a report that no additional decisions have been made since June 30 on continuing foreign aid to various nations.

COUNCIL ACTS ON ORDINANCES FOR 4 STREETS

Long Lane, one of Gettysburg's oldest streets, will become one of the city's new thoroughfares. Borough council passed four ordinances Monday night at its meeting in the engine house. One named Long Lane as a street, another listed Gettys St as a borough street, the third established E. Middle St as a through street from Baltimore St. to the borough line and the fourth set up Liberty St. as a one-way thoroughfare headed south.

Under the law all designations will become effective after they have been officially advertised, probably Wednesday, and after the ordinances have been copied into the borough ordinance book, another matter that will probably be completed by Wednesday.

Right-Of-Way Difficulty

Long Lane, which extends 2,250 feet from Breckenridge St. to the borough line, has been on borough maps almost from the time that James Gettys set up the community, but for various reasons it never before was designated a borough street. Council has taken up the possibility of ordering it as a borough street on many occasions over a period of years, but never previously was able to secure rights of way from the owners whose land it crosses.

Monday night when council decided to go ahead with the project it had permission from all but one of the owners along the way. There was still no approval from the colored cemetery which fronts for 205 feet along Long Lane. Borough engineer LeRoy H. Winebrenner and Borough Solicitor Attorney Eugene V. Bulleit said that as far as they could determine the cemetery was "owned by a corporation and the corporation is underground." The officers and directors of the group that purchased the cemetery originally died and no successors were appointed as far as can be determined, they said.

2 GROUPS WILL FIX PRICE FOR HIGH ST. SCHOOL

The finance and property committees of borough council will meet within the next few days to decide on an amount to be offered by the borough for the High St. School, it was decided Monday evening by borough council.

Council President H. M. Oyster said he will call a special meeting of council, after the two committees have worked out a price and details, to secure approval in order that the borough may bid on the High St. School building when it is offered at public sale October 20.

That action was taken after James S. Shenk, chairman of the property committee, reported its findings in connection with the proposed sale and asked council "what shall we do in this matter?"

New Engine House Door

Other business before council included approval for the purchase of a new electric door system for the main door to the engine house at a cost of \$461. Burgess William G. Weaver said the present door does not work properly.

Following a report by Councilman C. Donald Robert on recommendations made by the Board of Health concerning revision of the borough's garbage removal ordinance, the health committee was asked to prepare an ordinance and submit it at next month's meeting.

The safety committee was asked to study a proposal that parking be permitted on the south side of E. Middle St. from the engine house to Stratton St. Sunday mornings from 8 o'clock until noon for the benefit of churchgoers.

TOWN EXPENSES GREATER THAN MONTH'S INCOME

Gettysburg's expenditures were in excess of its income during September, but the town still had a \$53,942.77 balance in the general fund as of Monday.

The report of Treasurer John H. Baschore presented at Monday evening's council meeting at the engine house shows the borough began September with \$56,994.37 in the general fund and had income of \$4,693.98 during the month. Expenditures for September totaled \$8,645.58.

Income included \$2,477 from the parking meters, \$1,980.88 turned over by Burgess William G. Weaver representing collections by his office, \$30 in fines received by Justice of the Peace Robert P. Snyder and \$226.10 from the Recreation Board for use of borough labor for improvements at the Recreation Field.

September Expenses

Expenditures included \$638.81 for general government, \$3,424.54 for protection to persons and property, \$50 for health and sanitation, \$2,638.58 for highway purposes, \$1,150 miscellaneous and \$743.65 for lights. So far this year the town has spent \$74,071.32 including \$8,503.85 for general government. (Continued On Page 3)

Sirens Scream To Drivers For Right-Of-Way

Gettysburg's Borough Council Monday evening received reports that the ambulance travels the town's streets "too fast." Its response was that it is the responsibility of every other motorist, and pedestrian crossing streets, to stop and get out of the way when the siren sounds.

Councilman Robert C. Hartley started the discussion by reporting that he had received "numerous" complaints about the speed of the ambulance through the town.

Other councilmen observed that "if the complainers were lying out along a road badly injured, we wonder if they would complain about the speed of the ambulance. They probably would feel it was traveling too slowly."

Councilman C. Donald Robert said "In every community in which I have been, with the exception of Gettysburg, traffic stops when the siren blows. You see the tourists trying to do it here. But the people of this town pay no attention to the fire siren or ambulance siren. They just keep on going. That's what the sirens are for. They blow when it's an emergency. People should get out of the way of the ambulance."

"After Dr. Harry P. Baughman purchased the first lot, Dr. Frederick Tilberg came to him and offered to buy it at the price he paid for it. Because the federal funds were not sufficient, he had to get other funds (Continued On Page 2)

Jail Reporter For Refusing To Reveal His Source Of News

SANTA ROSA, Calif. (AP)—Jack Howard, San Francisco Chronicle labor news reporter, was jailed yesterday for refusing to obey a judge's order to answer questions regarding sources of information for stories he had written.

The questions were asked during an injunction suit hearing in a labor dispute.

Shortly after Howard was jailed, the 3rd District Appellate Court in Sacramento granted his attorney's petition for a writ of habeas corpus and ordered his release on \$10,000 bail. Hearing on the writ was set for Oct. 21.

While he was in custody, Howard wrote his own version of the case under the dateline "Sonoma County Jail."

Quoted Union Agent

Attorneys for two apple-processing plants which seek an injunction against the AFL Teamsters Union were quizzing Howard on the stand about statements he had attributed to a union agent in his newspaper accounts of the teamsters strike in the Sebastopol apple growing area.

One attorney, Nathan R. Berke, sought Howard's sworn testimony (Continued on Page 3)

Interfraternity Donates To Chest

The Interfraternity Council of Gettysburg College voted unanimously at their weekly meeting Monday night to contribute \$25 to the Community Chest Drive.

Richard Gaenzle, president of IFC, said, "We hope to set a precedent so that, in the future, fraternities will consider the Community Chest program and its importance in their contributions."

The meeting was held in Glatfelter Hall.

Crafts Exhibition Here Over Weekend

The Arts and Crafts Guild of Adams County will present its fifth annual exhibition of oil and water color paintings, weaving and ceramics, Saturday and Sunday. Second floor reception rooms of the American Legion will be used for the display from 9 a.m. until 10 p.m.

Ernest A. Krape, president of the guild, and Earl A. Dally, chairman in charge of the exhibition, have extended an invitation to the public to attend. No admission will be charged.

Guild members will demonstrate various methods employed in the use of oil and water colors and in the art of weaving and ceramic designing at the exhibition.

300 PARENTS EXPECTED AT WEEKEND FETE

More than 300 parents are expected to attend the Valley Home Weekend at St. Joseph College, Emmitsburg, beginning Friday.

The freshman academic institute will open the weekend on Friday at 7:30 p.m. in the college chapel. Presiding at the traditional, capping will be the Rev. Philip E. Dion, C.M., chairman of the Board of Trustees. Following the investiture, students from Mt. St. Mary's and St. Joseph Colleges will attend a movie in DePaul Auditorium. Saturday's program includes a tea in the Log Cabin on Tom's Creek from 2 to 4 p.m.

Will Present Pageant

"Around New York," the water pageant presented at the school last spring under the direction of Miss Geraldine A. Muisson, physical education instructor, will be repeated at 7:30 p.m. in Verdier Hall. The annual Father-Daughter dance will follow.

Sunday morning the parents and students will attend Mass. Rev. Hugh O'Donnell, C.M., will be the celebrant. Following Mass will be a brunch at which the Rev. Vincent G. Heary, C.M., Ph.D., assistant pastor of St. Joseph's parish, Emmitsburg, will speak on "Secularism in the World Today." Donald J. Waters, assistant professor of speech and drama, will be the toastmaster.

Capping of the student nurses in the class of '59 will take place in the chapel at 1:15 p.m. Sunday afternoon, closing the three-day festivities.

FOX INSTALLED AS LEGION HEAD BY HIS BROTHER

Installation of new officers of the Albert J. Lentz American Legion Post assumed an extraordinary significance, Monday night, when Paul B. Fox, 22nd District commander, installed his own brother, Richard L. Fox, as the new commander of post. Paul Fox presided at the ceremony installing all officers.

Other officers installed are: Atty. John MacPhail, first vice commander; Richard Tackett, second vice commander; William Timmins Jr., adjutant; Richard Pinkbner, finance officer; Rev. John Fry, chaplain; Dr. Fred E. Tilberg, historian; Vincent Florence and Glenn Miller, sergeants-at-arms; Howard Strassbaum and Roy A. Alexander, service officers.

District Officers Present

Guests of the post who assisted Fox at the installation were the following district officials: George Brady, York; Russell Hamme, Shickel; Ralph Ruckless, Littlestown; Harlan Kerr, Hanover; and Myron Bowers, Chambersburg.

Eight new members were enrolled: Arthur L. Nobile, Reynold A. Haidt, Donald M. Appier, Perry J. Stauffer, Robert R. Harder Jr., Dale F. Sheffer, Harold L. Kennedy, Richard F. Hess.

Following the ceremony two awards were presented. Retiring commander Glenn Hamer received the past commander's pin. Past Chairman E. J. Fox was awarded to Howard Strassbaum.

Approximately 50 members attended Monday night's meeting.

CHURCH GROUP OBSERVES 75TH ANNIVERSARY

The seventy-fifth anniversary of the founding of the Women's Missionary Society of Christ Lutheran Church was observed Monday evening with an historical pageant presented in the church social rooms.

More than 100 persons attended and witnessed the play, written and directed by Mrs. W. C. Waltemyer. Highlights of the society work from 1880 to 1955 were presented with the characters wearing authentic costumes of the periods of history.

Those who took part in the pageant include: Mrs. Robert Fortenbaugh, Mrs. A. R. Wentz, Mrs. Herbert Schmidt, Mrs. Reginald Deitz, Mrs. Clarence Smith, Mrs. Charles Black, Mrs. Edwin Freed, Mrs. Glenn Weiland, Mrs. John Riddle, and Mrs. Hadwin Fischer. Also in the cast were Mrs. Raymond Sorrick, Mrs. Rebecca Uer, Mrs. Helen Bream, Mrs. William Musser, Mrs. Russell Schwarz, Miss Elizabeth Sheffer, Miss Betty Ann Pennington, Miss Anne Eckert, Mrs. Allen Holtzworth, Miss Anna Grimm, Mrs. George Foreney, Mrs. Parker Waznild, and Mrs. Harold Dunkleberger.

SAYS WIRING IN MANY HOMES IS NOT ADEQUATE

William Lentz, manager of the local Metropolitan Edison Co., warned that "wiring is not adequate in most older homes in the community" during a talk before the Rotary Club at its dinner-meeting Monday evening at the YWCA.

"The increasing number of appliances that have come into use within the last few years has made the wiring in possibly the majority of our Gettysburg homes inadequate and in many instances dangerously so."

"We have made improvements throughout the community which will carry sufficient voltage to the homes, but after that it is the problem of the consumer. We seek to help in all ways we can, for there is an ever present danger in overloaded wiring systems."

Systems Are Old

"Many of the systems being used today were installed 20 or more years ago when the only use was for electric lighting, and generally, as you recall, one light to a room."

"Since then we have added numerous lights in each room. Television and radio have been added, electric irons, and washers and driers, electric refrigerators and electric heaters, and a whole host of appliances, many of which were unknown even ten years ago, or at least were not in common use."

Lentz showed a movie to illustrate the danger from overloaded wires, including fires, and the ease with which more adequate wiring can be installed to give greater convenience and safety.

President Philip M. Jones presided at the meeting with 54 present. Waldo Hartman was introduced as the new high school member for October. Dr. Fred Shaffer reported on the concert drive. Vice President John Hostetter announced that a fire prevention program will be presented next week with the fire chiefs as guests of the club.

Hostetter also announced that income from the Horse Show last summer now totals \$2,296.58 with a debt of \$90.

Birth Announcements

Mrs. and Mrs. Jack Vilas Jr., Evanson, Ill., announce the birth of a son in the Evanson Hospital September 27. The infant, named Jack Vilas Jr., is their first son and second child.

Mrs. Vilas was the former Miss Faith McCua Lehman, daughter of Mrs. S. F. Lehman and the late S. F. Lehman, formerly of Gettysburg. She is a granddaughter of the late Dr. and Mrs. William A. Granville.

Woman Tops Grid Contest Entries And Wins \$15 Prize

Anna H. Miller, 217 Baltimore St., won the top honors in the first weekly series of Football Contests sponsored by The Gettysburg Times and 20 cooperating merchants.

Last week she correctly named 16 winners and listed a feature game point total of 42. Her point total forecast gave her top honors as there were three other contestants with 16 correct selections. The feature game point total was 40 (Chambersburg 27, Gettysburg 13).

Second place went to W. F. Holtzworth, 67 W. High St., whose point total was 34.

Robert F. Saylor Jr., R. 3, took third honors, listing 28 as his point total.

Each week a total of \$25 in merchandise certificates is offered to the merchants. First prize is \$15; second, \$7.50, and third, \$2.50.

\$150,000 WATER BONDS SOLD TO TWO COMPANIES

The Gettysburg Municipal Authority went \$150,000 more into debt this morning, in order to construct a new million gallon standpipe, put in a water softener and tie in the new equipment with the present system.

Meeting at the Gettysburg National Bank, the authority members accepted the joint bid of Singer, Deane and Scribner, of Pittsburgh, and Schmidt, Poole, Roberts and Parke, Philadelphia, for \$150,000 worth of authority bonds to be paid off over the next 40 years. The rate of interest varied over different periods of time. Some of the bonds to be paid off within a few years bear one rate of interest, while the bonds that will run to 1995 pay another rate. The average rate of interest will be 2.8820 per cent. It was estimated that the authority will pay out \$113,195 in interest on the \$150,000 it receives for the bonds, before all are paid off.

Contracts Are Awarded

Other bidders asked higher rates, running up to approximately four per cent. Other financial concerns which bid on the bonds were: Jannney and Co., Hemphill Noyes, Blair and Co., and Eastman, Dillon.

Contracts were let for the construction of the additions to the water system, subject to the authority receiving the money for its bonds on October 25.

The contract for the 30 foot high, 75 foot diameter steel standpipe was awarded to Fisher Tank Co., Chester, Pa., for \$27,990. It was the lowest of six bidders.

Hungerford and Terry Inc., Clayton, N. J., was awarded the contract for the water softening system at a bid of \$13,600.

Members of the authority said the new system will make the water from wells owned by the authority "softer than the creek water we now drink."

Let Base Contract

O. H. Hostetter Co., Hanover, was awarded the contract for construction of the concrete base for the new steel tank, at its bid of \$8,554.35. The Gettysburg Construction Co. had bid \$6,993 for the work.

An unspecified amount will go towards the "tying in" of the additions to the water system to the present water system. That work will be carried out by the authority's regular work force.

Bids for the standpipe and water softener had been opened at a prior meeting of the authority and the engineering firm of Gannett, Fleming, Cordrey and Carpenter, Inc., had been asked to make its recommendation this morning. The engineering firm gave its approval to the companies which had been the low bidders in the prior bidding.

The new standpipe will be located east of the present half million gallon standpipe along the north side of the reservoir on E. Cemetery Hill.

11 PER CENT OF CHEST QUOTA IS REPORTED TODAY

Approximately 11 per cent of the \$19,700 goal of this year's Community Chest drive has been collected. John C. "Buck" Stahle, chairman of the campaign, announced this morning.

When the chest office closed Monday night, \$2,146.75 had been received from the various solicitors and through the mail from Gettysburg R. D. residents.

Stahle said that reports made by phone by various solicitors is not included in the total reported today.

"The reports so far show that the great majority of the solicitors are carrying on the campaign on a day-to-day basis rather than waiting until near the close of the drive and then attempting to see all of the people on their list. This is most encouraging, and we wish to express our appreciation to the canvassers."

\$200 Through Mails

Contributions from the mail campaign of rural residents in the Gettysburg area are "coming in steadily," Stahle said, with more than \$200 received so far.

"Some persons may have been missed in our mail solicitation," Stahle added, "and we hope that those who may have been inadvertently missed will consider the drive a day-to-day basis rather than waiting until near the close of the drive and then attempting to see all of the people on their list. This is most encouraging, and we wish to express our appreciation to the canvassers."

Each week a total of \$25 in merchandise certificates is offered to the merchants. First prize is \$15; second, \$7.50, and third, \$2.50.

Other councilmen observed that "if the complainers were lying out along a road badly injured, we wonder if they would complain about the speed of the ambulance. They probably would feel it was traveling too slowly."

Councilman C. Donald Robert said "In every community in which I have been, with the exception of Gettysburg, traffic stops when the siren blows. You see the tourists trying to do it here. But the people of this town pay no attention to the fire siren or ambulance siren. They just keep on going. That's what the sirens are for. They blow when it's an emergency. People should get out of the way of the ambulance."

Right-Of-Way Difficulty

Long Lane, which extends 2,250 feet from Breckenridge St. to the borough line, has been on borough maps almost from the time that James Gettys set up the community, but for various reasons it never before was designated a borough street. Council has taken up the possibility of ordaining it as a borough street on many occasions over a period of years, but never previously was able to secure rights of way from the owners whose la abut on the street.

Monday night when council decided to go ahead with the project it had permission from all but one of the owners along the way. There was still no approval from the colored cemetery which fronts for 205 feet along Long Lane. Borough engineer LeRoy H. Winebrenner and Borough Solicitor Attorney Eugene V. Bulleit said that as far as they could determine the cemetery was "owned by a corporation and the corporation is underground." The officers and directors of the group that purchased the cemetery originally died and no successors were appointed as far as can be determined, they said.

Council voted to go ahead with

Jail Reporter For Refusing To Reveal His Source Of News

SANTA ROSA, Calif. (AP)—Jack Howard, San Francisco Chronicle labor news reporter, was jailed briefly yesterday for his refusal to obey a judge's order to answer questions regarding sources of information for stories he had written.

The questions were asked during an injunction suit hearing in a labor dispute.

Shortly after Howard was jailed, the 3rd District Appellate Court in Sacramento granted his attorney's petition for a writ of habeas corpus and ordered his release on \$10,000 bail. Hearing on the writ was set for Oct. 21.

While he was in custody, Howard wrote his own version of the case under the dateline "Sonoma County Jail."

Quoted Union Agent

Attorneys for two apple-processing plants which seek an injunction against the AFL Teamsters Union were quizzing Howard on the stand about statements he had attributed to a union agent in his newspaper accounts of the teamsters strike in the Sebastopol apple growing area.

One attorney, Nathan R. Berke, sought Howard's sworn testimony

9 COUNCILMEN, BURGESS OPPOSE LAND TRANSFER

Burgess William G. Weaver and nine members of the Borough Council, as individuals, signed a resolution Monday night opposing the acquisition of the McMillan property (about 12 acres) on Confederate Ave. by the federal government. This action was taken after Mr. and Mrs. Guillermo Barriga, owners of the property, the latter's mother, Mrs. Della Hershey, and Miss Margaret McMillan had asked the Council, at its October meeting in the engine house, to oppose the purchase.

The resolution was signed after Attorney Eugene V. Bulleit, borough solicitor, ruled that council should not as an official body pass a resolution affecting other governmental bodies.

Mrs. Hershey and Mrs. Barriga, in asking Council to sign the resolution, said that it would help them in their efforts to stay any proceedings against the former McMillan land until they can "secure a public hearing before the appropriations committee of Congress."

Purchase Was Surprise

Barriga said plans of the federal government to buy the McMillan House property "came about suddenly. We had asked the local office of the National Park whether the park wanted the land, and we were told they did not. We put money and time and effort into the McMillan House over the last three years and we feel that we not only saved it from complete destruction but made it a beautiful home.

"When we first planned to divide the 12 acres into 21 lots, and sell them we asked again and were told the government had no objection. Our plan called for the addition of only two more houses along Confederate Ave. and the rest would be down over the hill, along a winding road. We planned to make the Tiber into a pool if possible, and would limit construction of houses to those costing \$18,000 or more so that the area would be a place of beauty. National park officials said that the additional houses would not spoil the beauty of the battlefield because they would be down over the hill from W. Confederate Ave. When the first lot was sold the purchaser asked the National Park if it had any objection and was told it had none.

Part Of Battlefield

"Late this summer we learned that the government was going to take over our land. We went to Washington and found that it had been written into a bill passed by Congress that the government should secure the McMillan land. We were shown a map, made 75 years ago, which showed the McMillan land as part of the battlefield to be acquired. Yet that was at the bottom of the list and in normal procedure it would be 30 more years till the government got around to it. We understand two senior senators spent a week-end here and they are the ones pushing it.

"After Dr. Harry F. Baughman purchased the first lot, Dr. Frederick Tilberg came to him and offered to buy it at the price he paid for it. Because the federal funds were not sufficient, he had to get other funds.

FOX INSTALLED AS LEGION HEAD BY HIS BROTHER

Installation of new officers of the Albert J. Lentz American Legion Post assumed an extraordinary significance, Monday night, when Paul B. Fox, 22nd District commander, installed his own brother, Richard L. Fox, as the new commander of post. Paul Fox presided at the ceremony installing all officers.

Other officers installed are: Atty. John MacPhail, first vice commander; Richard Tackett, second vice commander; William Timmins Jr., adjutant; Richard Pinkbner, finance officer; Rev. John Fry, chaplain; Dr. Fred E. Tilberg, historian; Vincent Florence and Glenn Minter, sergeants-at-arms; Howard Strausbaugh and Roy A. Alexander, service officers.

District Officers Present

Guests of the post who assisted Fox at the installation were the following district officials: George Brady, York; Russell Hamme, Shiloh; Ralph Ruggles, Littlestown; Harvey Kerr, Hanover, and Myron Bowers, Chambersburg.

Eight new members were enrolled: Anthony L. Natale, Reynold A. Handwerker, Donald M. Appier, Perry J. Stauffer, Robert R. Harder Jr., Dale E. Sheffer, Harold L. Kennedy, Richard E. Hess.

Following the ceremony two awards were presented. Retiring Commander Glenn Harner received the past commander's pin. Past Chaplain's pin was awarded to Howard Strausbaugh.

Approximately 50 members attended Monday night's meeting.

The Mary Wolfe Slentz Beauty Shop will be closed from October 8 until October 17.

Interfraternity Donates To Chest

The Interfraternity Council of Gettysburg College voted unanimously at their weekly meeting Monday night to contribute \$25 to the Community Chest Drive.

Richard Gaenzle, president of IFC, said, "We hope to set a precedent so that, in the future, fraternities will consider the Community Chest program and its importance in their contributions."

The meeting was held in Glatfelter Hall.

Inject Girl Bitten By Fox

Nancy Bihler, 5, bitten by a rabid fox at a game farm near Catskill, N. Y., Oct. 1, receives an anti-rabies injection at Suffern, N. Y., hospital after being found Monday. Dr. John Petrono administers the serum as nurse Mrs. Irma Werther stands by. Nancy was sought in 13 states when it was feared she might die if she were not found and given the injection. (AP Photo)

Crafts Exhibition Here Over Weekend

The Arts and Crafts Guild of Adams County will present its fifth annual exhibition of oil and water color paintings, weaving and ceramics, Saturday and Sunday. Second floor reception rooms of the American Legion will be used for the display from 9 a.m. until 10 p.m.

Ernest A. Krape, president of the guild, and Earl A. Dally, chairman in charge of the exhibition, have extended an invitation to the public to attend. No admission will be charged.

Guild members will demonstrate various methods employed in the use of oil and water colors and in the art of weaving and ceramic designing at the exhibition.

300 PARENTS EXPECTED AT WEEKEND FETE

More than 300 parents are expected to attend the Valley Home Weekend at St. Joseph College, Emmitsburg, beginning Friday.

The freshman academic invitational will open the weekend on Friday at 7:30 p.m. in the college chapel. Presiding at the traditional capping will be the Rev. Philip E. Dion, C.M., chairman of the Board of Trustees. Following the investiture, students from Mt. St. Mary's and St. Joseph Colleges will attend a movie in DePaul Auditorium. Saturday's program includes a tea in the Log Cabin on Tom's Creek from 2 to 4 p.m.

Will Present Pageant

"Around New York," the water pageant presented at the school last spring under the direction of Miss Geraldine A. Mulsom, physical education instructor, will be repeated at 7:30 p.m. in Verdier Hall. The annual Father-Daughter dance will follow.

Sunday morning the parents and students will attend Mass. Rev. Hugh O'Donnell, C.M., will be the celebrant. Following Mass will be a brunch at which the Rev. Vincent G. Heary, C.M., Ph.D., assistant pastor of St. Joseph's parish, Emmitsburg, will speak on "Secularism in The World Today." Donald J. Waters, assistant professor of speech and drama, will be the toastmaster.

Capping of the student nurses in the class of '53 will take place in the chapel at 1:15 p.m. Sunday afternoon, closing the three-day festivities.

BUYS LOCAL LOT

Major and Mrs. Karl C. Teufel, Gettysburg R. 2, have purchased a lot on Gettys St. from R. S. Noonan, Inc. of York. The sale was made through C. A. Heiges and Son, Buford St.

Woman Tops Grid Contest Entries And Wins \$15 Prize

Anna H. Miller, 217 Baltimore St., won the top honors in the first weekly series of Football Contests sponsored by The Gettysburg Times and 20 cooperating merchants.

Last week she correctly named 16 winners and listed a feature game point total of 42. Her point total forecast gave her top honors as there were three other contestants with 16 correct selections. The feature game point total was 40 (Chambersburg 27, Gettysburg 13).

Second place went to W. F. Holtzworth, 67 W. High St., whose point total was 34.

Robert F. Saylor Jr., R. 3, took third honors, listing 28 as his point total.

Henry H. Lank, 227 N. Washington St., also correctly named 16 winners but his point forecast was only 21.

Last week a total of 179 persons participated in the contest.

Their selections were as follows: Four, 16 correct; 13, 15 correct; 19, 14; 30, 13; 28, 12; 30, 11; 25, 10; 14, 9; 12, eight; three, seven; one, six.

Each week a total of \$25 in merchandise certificates is offered by the merchants. First prize is \$15; second, \$7.50, and third, \$2.50.

Elsewhere in today's edition is the full page of advertisements containing the 20 games to be chosen for this week's contest.

\$150,000 WATER BONDS SOLD TO TWO COMPANIES

The Gettysburg Municipal Authority went \$150,000 more into debt this morning, in order to construct a new million gallon standpipe, put in a water softener and tie in the new equipment with the present system.

Meeting at the Gettysburg National Bank, the authority members accepted the joint bid of Singer, Deane and Scribner, of Pittsburgh, and Schmidt, Poole, Roberts and Parke, Philadelphia, for \$150,000 worth of authority bonds to be paid off over the next 40 years. The rate of interest varied over different periods of time. Some of the bonds to be paid off within a few years bear one rate of interest, while the bonds that will run to 1995 pay another rate. The average rate of interest will be 2.8520 per cent. It was estimated that the authority will pay out \$113,195 in interest on the \$150,000 it receives for the bonds, before all are paid off.

Contracts Are Awarded

Other bidders asked higher rates, running up to approximately four per cent. Other financial concerns which bid on the bonds were: Janney and Co., Hemphill Noyes, Blair and Co., and Eastman, Dillon.

Contracts were let for the construction of the additions to the water system, subject to the authority receiving the money for its bonds on October 25.

The contract for the 30 foot high, 75 foot diameter steel standpipe was awarded to Fisher Tank Co., Chester, Pa., for \$27,990. It was the lowest of six bidders.

Hungerford and Terry Inc., Clayton, N. J., was awarded the contract for the water softening system at a bid of \$15,600.

Members of the authority said the new system will make the water from wells owned by the authority "softer than the creek water we now drink."

Let Better Contract

O. H. Hostetter Co., Hanover, was awarded the contract for construction of the concrete base for the new steel tank, at its bid of \$6,554.35. The Gettysburg Construction Co. had bid \$6,993 for the work.

An unspecified amount will go towards the "tying in" of the additions to the water system to the present water system. That work will be carried out by the authority's regular work force.

Bids for the standpipe and water softener had been opened at a prior meeting of the authority and the engineering firm of Gannett, Fleming, Cordrey and Carpenter, Inc., had been asked to make its recommendation this morning. The engineering firm gave its approval to the companies which had been the low bidders in the prior bidding.

The new standpipe will be located east of the present half million gallon standpipe along the north side of the reservoir on E. Cemetery Hill.

11 PER CENT OF CHEST QUOTA IS REPORTED TODAY

Approximately 11 per cent of the \$19,700 goal of this year's Community Chest drive has been collected, John C. "Buck" Stahle, chairman of the campaign, announced this morning.

When the chest office closed Monday night \$2,146.75 had been received from the various solicitors and through the mail from Gettysburg R. D. residents.

Stahle said that reports made by phone by various solicitors is not included in the total reported today.

"The reports so far show that the great majority of the solicitors are carrying on the campaign on a day-to-day basis rather than waiting until near the close of the drive and then attempting to see all of the people on their list. This is most encouraging, and we wish to express our appreciation to the canvassers."

\$200 Through Mails

Contributions from the mail campaign of rural residents in the Gettysburg area are "coming in steadily," Stahle said, with more than \$200 received so far.

"Some persons may have been missed in our mail solicitation," Stahle added, "and we hope that those who may have been inadvertently missed will consider the great need and send in their donations to John Welshchose, secretary of the drive."

Money raised by Community Chest supports the Gettysburg Recreation Association, Library, Boy Scouts, Girl Scouts, Civic Nurse and YWCA.

Ten Die In Pennsylvania Accidents Over Weekend; Six In Highway Crashes

By THE ASSOCIATED PRESS
Ten persons died as the result of accidents in Pennsylvania over the weekend. Six died as the result of highway mishaps, three from airplane crashes and another was struck by a train.

Roy Z. Lauer, 18, of Millington, R. 1, was killed yesterday when his car skidded off Route 25 and rolled over into a field about seven miles west of Selinsgrove. His passenger, Orville W. Loech, 19, McAdamsville R. 2, was reported in serious condition at Community Hospital in Sunbury.

John Daley, 22, of Philadelphia, was killed in that city yesterday when his car struck a utility pole and a tree. Parts of his car were found over a 200 foot area.

Milton Smith, 36, of Philadelphia, was struck and killed by an automobile Sunday as he walked along the Lancaster Pike in Devon, suburban Philadelphia.

Aged Pedestrian Killed
In a similar accident, 64-year-old Harry Musser of Columbia, Lancaster County, was killed while walking on the Marietta Pike near Silver Spring, a quarter of a mile from his home. Police said Musser was thrown onto the windshield of the car, driven by Alvin Mellinger, 33, of Mount Joy.

Mrs. Helen Wetzel, 36, was killed Saturday in Rimersburg, Clarion County, when her car, which she was driving to work, failed to negotiate a curve. Her husband, Lloyd, 39, was injured critically.

Harry Bower, 53, of Sultland, Md., died Saturday when a car driven by his wife rammed the rear of a tractor-trailer on the Pennsylvania Turnpike near the Laurel Hill tunnel by Somerset.

A New Jersey resident, 50-year-old John McLamore, died Friday night when his airplane plunged into a farm field near Downingtown. He was along in the small passenger craft.

Pilot Is Killed
Another out of state pilot, Clarence McGarvey, 49, of St. Charles, Mo., was killed in a similar crash. His craft, which had taken off from Lock Haven a short time before, crashed and burned in an open field west of Ebensburg.

In the third airplane crash, Jerome Kerney, 26, of Erie, also flying alone, was fatally injured in the same area as McGarvey. Kerney apparently banked his plane too steeply and lost the necessary speed for control in a landing at Cresson Airport. The plane barely missed a house and plummeted to earth. Kerney died a short time after being admitted to Mercy Hospital in Altoona.

McGarvey's plane crashed about 2 1/2 miles west of Ebensburg. Kerney's about 7 miles east of Ebensburg.

Samuel B. Lau, 74, was struck and killed by a New York to Pittsburgh passenger train as he crossed the Pennsylvania Railroad mainline tracks at Smokestown near Lancaster Sunday. Police said he was carrying a jug of water when he tripped and fell.

He said there was no danger of explosion and that the area was cleared of the vapors within an hour. Sixty-five employees of total working force of 700 were in the plant at the time.

The Cherokee plant manufactures penicillin, niacin and cortisone, all medical drugs.

Reported in good condition in Geisinger Memorial Hospital were Marvin Adams, Sunbury; James Long, R. 1, Bloomsburg; Donald Zimmerman, Northumberland; and William Gipple, James Kase and John Pegg, all of Danville.

ABA Meeting Predicts 10-Year Sales Boost

ATLANTIC CITY, N. J. (AP)—The American Bakers Assn. was told today the nation's giant food industry can boost its present sales nearly 30 per cent in the next 10 years.

In a talk prepared for the annual ABA convention, Paul G. Wilkes of New York said food industry sales can grow from the present 66 billion dollars a year to 83 billion by 1960 and 96 billion by 1965.

Wilkes, president of the Grocery Manufacturers of America, said this predicted growth is only potential. "The grocery industry will continue to grow only if the people in it make it grow," he said.

Wilkes said the grocery industry will continue to grow only if the people in it make it grow. "The grocery industry will continue to grow only if the people in it make it grow," he said.

U.S. WILL HAVE NEW COAL UNIT

WASHINGTON (AP)—Secretary of the Interior McKay today announced a new division of anthracite will be set up in his department's Bureau of Mines.

McKay said the new division will direct the federal government's part of a 17-million-dollar cooperative program with the state of Pennsylvania for mine drainage in the anthracite region, and will guide intensified research aimed at increasing productivity and use of "hard coal."

Joseph A. Corgan, who has headed the bureau's work on hard coal and coke since 1945 and has more than 25 years experience with anthracite industry problems, was named chief of the new division.

All of the bureau's activities on anthracite except those concerned with health and safety will come under the new division, which will have headquarters here.

Field headquarters for federal anthracite activities will be at the anthracite experiment station at Schuylkill Haven, Pa., previously known as the Anthracite Research Laboratory.

McKay said the mine drainage work is scheduled to begin shortly under authority of a 1955 law. He said most of the federal work will be handled by engineers already on the bureau's staff.

SIX WORKERS HOSPITALIZED

DANVILLE, Pa. (AP)—Six workers at the Cherokee plant of Merck and Co. Inc., were hospitalized last night after being exposed to vapors from a mixture of solvents containing chloroform.

The fumes escaped from an outside storage tank which was being reconditioned, John Millar, the drug firm's plant manager explained, adding that overheating had caused the solvents to vaporize.

He said there was no danger of explosion and that the area was cleared of the vapors within an hour. Sixty-five employees of total working force of 700 were in the plant at the time.

The Cherokee plant manufactures penicillin, niacin and cortisone, all medical drugs.

Reported in good condition in Geisinger Memorial Hospital were Marvin Adams, Sunbury; James Long, R. 1, Bloomsburg; Donald Zimmerman, Northumberland; and William Gipple, James Kase and John Pegg, all of Danville.

COL. J. GARDNER DIES; BURIAL HERE THURSDAY

Col. John H. Gardner, 61, Drexel Hill, owner of the Powell-Gardner Buick agency, Upper Darby, died Monday in Fitzgerald Mercy Hospital, Darby.

He was a brother-in-law of C. W. Epley and was a frequent visitor here.

The deceased was a native of Rocky Mount, N. C.

Col. Gardner, a member of the United Presbyterian Church, Wynefield, served as commander of the 613th Ordnance Battalion in the Second World War. He was born in Bethel, N. C. He was prominent in Masonic organizations and belonged to Lansdowne Lodge, 711, P.A.M. and the Upper Darby Rotary Club. A past president of the National Auto Dealers Association, he was a member of the Delaware County Auto Dealers Association.

Burial Here Thursday

9 COUNCILMEN

(Continued from Page 1)
to make up the difference. We understand he got the additional money from a non-profit corporation.

The resolution signed by the councilmen and the burgess follows: "1. This real estate is improved with a dwelling house known as the McMillan House which has, for several years, been occupied by Mrs. and Mrs. Barriga as their home, and so far as we are informed the Federal Government has not, at any time prior hereto, expended the limits of the Gettysburg National Military Park by taking, by adverse proceedings, any privately owned home.

"2. That elsewhere in the area occupied by the Gettysburg National Military Park, for example, on Oak Ridge, privately owned land on either side of Doubleday Avenue has private dwelling houses erected thereon which, we believe, adds to the beauty of the Battlefield and in turn to the interest of tourists traveling such avenue. With reference to the McMillan House, this property has, throughout the past several years, been repaired and restored by Mr. and Mrs. Barriga so that it too adds to the beauty of the Battlefield.

"3. We believe that there is no need for the United States Department of Interior to acquire the real estate owned by Mr. and Mrs. Barriga, and if such property is so taken by the Federal Government the Borough of Gettysburg will not only be deprived of collecting real estate taxes therefrom, which in turn will impose a heavier tax burden on the remaining taxable real estate in the Borough of Gettysburg, but it will also be deprived of one of the few remaining areas of expansion for residential purposes within the borough limits.

"And Be It Further Resolved, that we object to the practice on the part of officials of the National Park Service of threatening the possibility of invoking condemnation proceedings under the right of eminent domain against privately owned lands in the area of the Gettysburg National Military Park, thereby endeavoring to control the use of such privately owned lands."

Dr. J. Walter Coleman, superintendent of the National Park, said today that the government is seeking to buy the McMillan property. Authorization to buy it was contained in the recent Department of Interior bill, he said, adding that "we hope to reach an agreement with Mr. and Mrs. Barriga on a purchase price." Dr. Coleman said he told Mr. Barriga some time ago that the government desired the land, but at that time had no money to buy it, and that "as long as it was his property he could do as he pleased."

COUNCIL SEEKS STREET RELEASE IN NEW OXFORD

At the regular meeting of the New Oxford borough council in the office of the Community Fire Company Monday evening, council ruled that steps were to be taken immediately to obtain releases for the widening of College Alley into a 40-foot street. The drainage condition on W. Golden Lane at the Bolton Shoe plant is also to be given further study.

Council also voted to inspect sidewalks in all parts of town to check safety and whether they are being laid to grade. A four-inch water line will be laid from E. High St. to the plant of the Oxford Container Corporation in operation now. A water plug will be placed at the end of the line. Materials have been ordered and the line will be laid as soon as the right of way is cleared.

The property committee reported that the flagpole had been repaired and the committee was authorized to purchase a liner and stencil for marking streets. It was voted to place a switchbox in the Square large enough to carry the Christmas lighting installation. This will be a permanent installation.

Treasurer's Report

It was voted to purchase a \$50 deductible collision insurance policy on the new borough truck.

Treasurer John M. Acker reported a balance on Sept. 1 of \$3,044.49. Receipts were as follows: Water rents, \$339.06; 1955 tax, \$774.72; street repairs, \$90.20; water service, \$297.43; permits, \$6.50; miscellaneous, \$59.40. Total cash and receipts amounted to \$4,641.77; disbursements were \$1,737.63 leaving a balance of \$2,904.14. Approved for payment were salaries and accounts of \$3,257.03 including \$2,351.84 in the borough and \$905.19 at the Water Works.

President Fred G. Klunk presided with Councilmen John P. Smith, R. W. Wolfe, A. W. Rohrbach, and Paul Harbaugh in attendance. Borough Manager Lawrence C. Bevenour, Burgess Guy A. Staub, Officer Walter E. Beumiller, and D. S. Winebrenner III and Charles E. Slaybaugh of the sidewalks and health board were also present.

TOWN EXPENSES

(Continued from Page 1)

\$26,692.77 for protection to persons and property, \$546.51 for health and sanitation, \$28,463.65 for highway purposes, \$5,562.24 for miscellaneous purposes and \$7,302.59 for lights.

Fire Chief Donald W. McSherry reported that the local fire department answered three calls, all within the borough, during the month, and the fire loss was \$4,000.

Police Chief Reports

Chief of Police Jack Bartlett reported the police force made ten arrests on criminal charges and 26 on traffic charges during the month. The criminal charges included four for juvenile delinquency and two for contributing to the delinquency of juveniles.

Burgess William G. Weaver reported collection of \$267 in parking fines, \$150 for 11 building permits, \$930.65 for 24 digging permits, \$519.23 theater tax, \$1 for a guide license, \$30 in repayment for damage to borough property and \$63 miscellaneous. The Burgess report also showed that 11 building permits for property valued at \$122,800 had been issued by his office during the last month.

Milk, Eggs Offset Drop In Potatoes; Index Up 3

HARRISBURG (U—) — Higher prices for milk and eggs offset a drop in potato prices during the month which ended Sept. 15 to raise the farm price index three points, state Agriculture Department records showed today.

The department reported yesterday that the index of all prices received by Pennsylvania farmers stood at 247 per cent of the 1910-14 base level, a three point advance from the Aug. 15 mark and one point above a year ago.

The crop index showed an 18-point decline because of sharply lower prices for potatoes and moderate declines in prices of corn, oats, soybeans, apples and peaches, a federal-state survey reported.

The livestock index rose nine points during the month.

Ask Stop-Sign Ordinance

The highway committee was asked to prepare an ordinance permitting placing of stop signs on all four sides of the alley intersections at the rear of the Albert J. Lentz American Legion home, at the rear of the H. M. Oyler property on Baltimore St. and at Wall St. and to place a stop sign at the intersection of the alley from the Presbyterian Church to Wainwright Ave. at the high school entrance. The highway committee was also asked to investigate the posting of Springs Ave. against trucks above certain weights.

Members of the utility committee were asked to check the need of more street lights on Hay St. and Howard Ave.

A request will be made to the state highway department that stop signs be placed on W. Lincoln Ave. at its intersection with N. Washington St. Councilmen said that stop signs are needed on all four corners of the intersection.

Roy Hammond and Wilbur Plank, of the town's planning commission, spoke of the work of that group. At the conclusion of the meeting it was decided that at least one member of the commission will attend each session of council.

Engineer Winebrenner reported weight limit signs for trucks have been placed on E. Broadway and that the borough and telephone Co. plan to begin today the moving of a pole and rounding of a corner of Race Horse Alley and Carlisle St.

14 States Attend 18th NE Poultry Council

HARRISBURG (U—) — Poultrymen from 14 northeastern states were on hand today for the opening of the 18th convention of the Northeastern Poultry Producers Council.

Andrew E. Daulish, Troy, N. Y., president of the council, expected over 8,000 poultrymen to attend the four-day meeting at the Pennsylvania Farm Show Building.

More than two acres of floor space in the farm show building will be used by over 150 exhibitors during the convention for displaying poultry equipment, feeds, health aids, hatchery products, eggs, live chickens, turkeys and other products.

Capital Wants Cab To Act On New Run

WASHINGTON (U—) — The Civil Aeronautics Board has been asked by Capital Airlines to reconsider its recent order deferring action on Capital's application to operate between Philadelphia and Pittsburgh.

The airlines said it wants to operate a local service between Philadelphia and Pittsburgh with as many as eight nonstop flights a day.

In the order, according to Capital, CAB made Philadelphia an intermediate point on Capital's routes between New York and Pittsburgh, and between New York

STEELER COACH IS FINED \$500

PHILADELPHIA (U—) — Commissioner Bert Bell of the National Football League today fined Pittsburgh Steeler coach Walt Kiesling \$500 for upbraiding officials after last Sunday's game between Pittsburgh and Los Angeles at Los Angeles.

"Walter Kiesling, coach of the Pittsburgh Steelers, is fined \$500 for his behavior toward officials in the Los Angeles-Pittsburgh game at Los Angeles last Sunday," Bell said.

The commissioner made his decision after a "telephone" hearing yesterday with Kiesling.

Bell said his decision was prompted by two factors, the best interests of professional football and Kiesling's long and faithful service to the game as well as his unblemished record to date. Under the NFL code, Kiesling was liable to a fine of up to \$2,000 or suspension for life.

The rhubarb developed Sunday when Kiesling allegedly used hard language to officials for decisions he believed unfair to the Steelers. Pittsburgh lost the game by a single point on the last play of the game on a field goal.

Argentina Purges Dictator's Puppets To Prevent Return

BUENOS AIRES, Argentina (U—) — Argentina's new government today was reported purging top military leaders under deposed dictator Juan Peron.

Arrest of some 20 generals was reported by unofficial sources close to the army. They appeared to have been picked up mainly to prevent any aid to Peron should he seek to make a comeback.

There was speculation the generals would be retired ultimately, since apparently their only error in the eyes of the new government was having obeyed the orders of the previous regime and protecting it.

Although there was no confirmation from officials, other sources reported those under arrest included the former army commander in chief, Gen. Jose Domingo Molina, and the rest of the 14-man junta which took over the government after Peron resigned and during its few days of rule in Buenos Aires negotiated the peace with the victorious rebels.

The peace resulted in installation of a discount to Ford dealers on each automobile loaned to a school, was announced at the 62nd annual conference of the International Assn. of Chiefs of Police currently in progress here.

Ford said its dealers plan to place more than 3,500 cars at the disposal of school authorities this year and to increase this number in the future. The figure, Ford said, represents almost half of all cars used throughout the nation for driver training last year.

Milk, Eggs Offset Drop In Potatoes; Index Up 3

HARRISBURG (AP)—Higher prices for milk and eggs offset a drop in potato prices during the month which ended Sept. 15 to raise the farm price index three points, state Agriculture Department records showed today.

The department reported yesterday that the index of all prices received by Pennsylvania farmers stood at 247 per cent of the 1910-14 base level, a three point advance from the Aug. 15 mark and one point above a year ago.

The crop index showed an 18-point decline because of sharply lower prices for potatoes and moderate declines in prices of corn, oats, soybeans, apples and peaches, a federal-state survey reported.

The livestock index rose nine points during the month.

Ask Stop-Sign Ordinance

The highway committee was asked to prepare an ordinance permitting placing of stop signs on all four sides of the alley intersections at the rear of the Albert J. Lentz American Legion home, at the rear of the H. M. Oyler property on Baltimore St. and at Wall St. and to place a stop sign at the intersection of the alley from the Presbyterian Church to Wainwright Ave. at the high school entrance. The highway committee was also asked to investigate the posting of Springs Ave. against trucks above certain weights.

Members of the utility committee were asked to check the need of more street lights on Hay St. and Howard Ave.

A request will be made to the state highway department that stop signs be placed on W. Lincoln Ave. at its intersection with N. Washington St. Councilmen said that stop signs are needed on all four corners of the intersection.

Roy Hammond and Wilbur Plank, of the town's planning commission, spoke of the work of that group. At the conclusion of the meeting it was decided that at least one member of the commission will attend each session of council.

Engineer Winebrenner reported weight limit signs for trucks have been placed on E. Broadway and that the borough and telephone Co. plan to begin today the moving of a pole and rounding of a corner of Race Horse Alley and Carlisle St.

14 States Attend 18th NE Poultry Council

HARRISBURG (AP)—Poultrymen from 14 northeastern states were on hand today for the opening of the 18th convention of the Northeastern Poultry Producers Council.

Andrew E. Danish, Troy, N. Y., president of the council, expected over 8,000 poultrymen to attend the four-day meeting at the Pennsylvania Farm Show Building.

More than two acres of floor space in the farm show building will be used by over 150 exhibitors during the convention for displaying poultry equipment, feeds, health aids, hatchery products, eggs, live chickens, turkeys and other products.

Capital Wants Cab To Act On New Run

WASHINGTON (AP)—The Civil Aeronautics Board has been asked by Capital Airlines to reconsider its recent order deferring action on Capital's application to operate between Philadelphia and Pittsburgh.

The airlines said it wants to operate a local service between Philadelphia and Pittsburgh with as many as eight nonstop flights a day.

In the order, according to Capital, CAB made Philadelphia an intermediate point on Capital's routes between New York and Pittsburgh, and between New York

and Philadelphia. The airlines said it wants to operate a local service between Philadelphia and Pittsburgh with as many as eight nonstop flights a day.

Koehl was awakened from a nap on his living room sofa yesterday by an airplane propeller. The 150-pound prop whirled loose from a plane 2,000 feet aloft crashed through the roof and into the living room.

STEELER COACH IS FINED \$500

PHILADELPHIA (AP)—Commissioner Bert Bell of the National Football League today fined Pittsburgh Steeler coach Walt Kiesling \$500 for upbraiding officials after last Sunday's game between Pittsburgh and Los Angeles at Los Angeles.

"Walter Kiesling, coach of the Pittsburgh Steelers, is fined \$500 for his behavior toward officials in the Los Angeles-Pittsburgh game at Los Angeles last Sunday," Bell said.

The commissioner made his decision after a "telephone" hearing yesterday with Kiesling.

Bell said his decision was prompted by two factors, the best interests of professional football and Kiesling's long and faithful service to the game as well as his unblemished record to date. Under the NFL code, Kiesling was liable to a fine of up to \$2,000 or suspension for life.

The rhabarb developed Sunday when Kiesling allegedly used hard language to officials for decisions he believed unfair to the Steelers. Pittsburgh lost the game by a single point on the last play of the game on a field goal.

Argentina Purges Dictator's Puppets To Prevent Return

BUENOS AIRES, Argentina (AP)—Argentina's new government today was reported purging top military leaders under deposed dictator Juan Peron.

Arrest of some 20 generals was reported by unofficial sources close to the army. They appeared to have been picked up mainly to prevent any aid to Peron should he seek to make a comeback.

There was speculation the generals would be retired ultimately, since apparently their only error in the eyes of the new government was having obeyed the orders of the previous regime and protecting it.

Although there was no confirmation from officials, other sources reported those under arrest included the former army commander in chief, Gen. Jose Domingo Molina, and the rest of the 14-man junta which took over the government after Peron resigned and during its few days of rule in Buenos Aires negotiated the peace with the victorious rebels.

The peace resulted in installa-

tion of Maj. Gen. Eduardo Lonardi as provisional president. Lonardi has said he would hold elections for a new Congress as soon as the voting rolls can be prepared.

Maj. Gen. Franklin Lucero also was reported under arrest. It was Lucero who rallied army forces to put down the abortive June 16 rebellion.

Hopes To Return
From the Asuncion, Paraguay, private home where he is a closely guarded exile, Peron in a brief written statement to newsmen indicated he still hoped to return to Argentina — and politics.

The ex-dictator said he would "not move a finger in political affairs, but will live a purely private life as Juan Peron." But he added significantly:

"When I do (indulge in political affairs), I will return to my country."

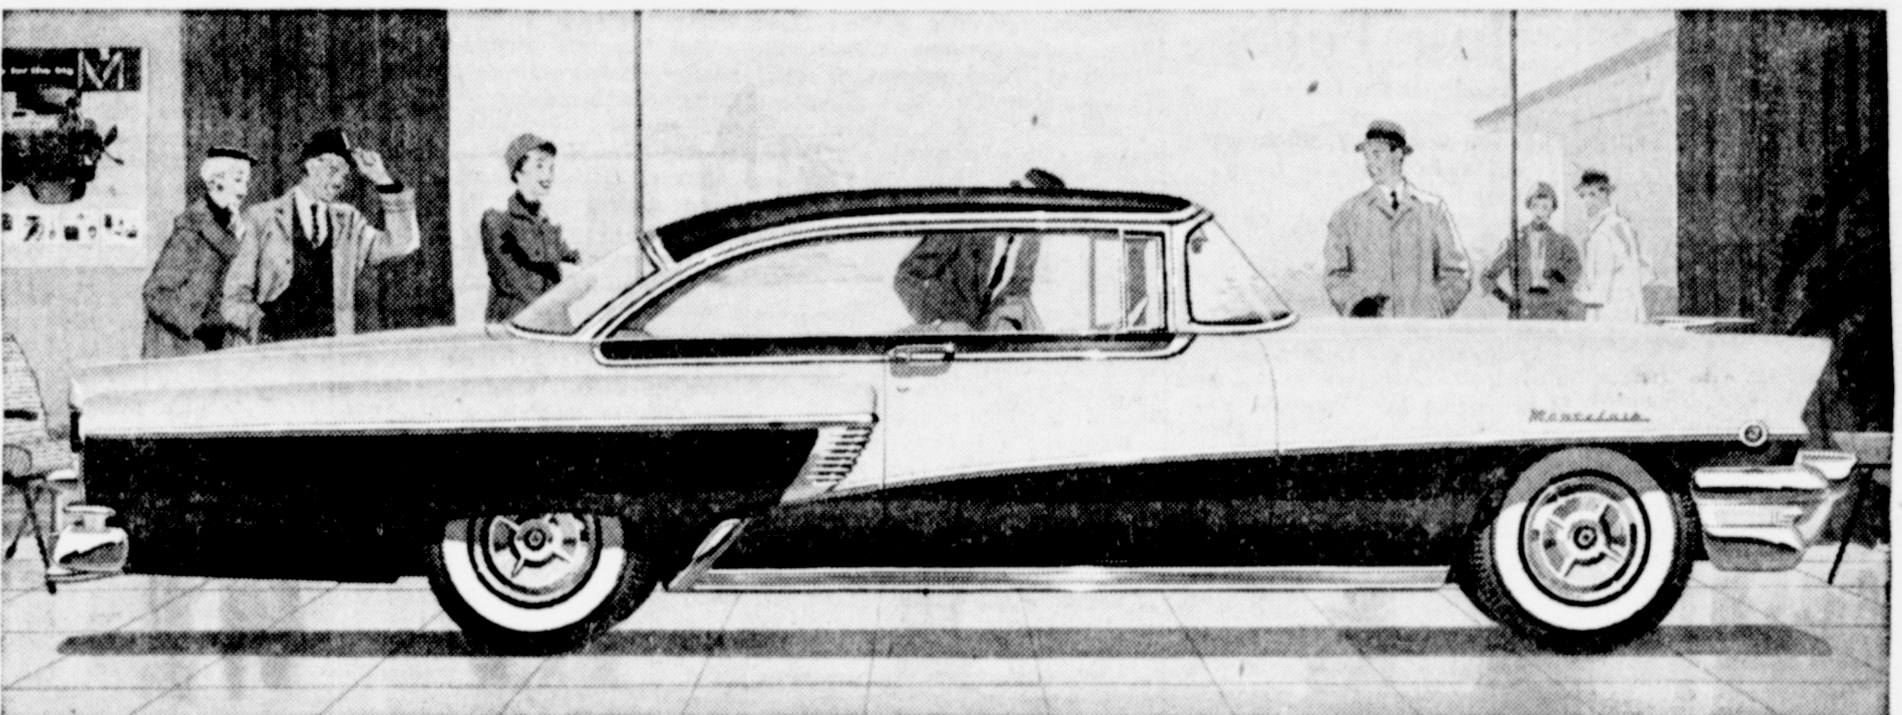

The fallen dictator emphasized his intention to stay out of the limelight in Paraguay:

"I have come to this generous country as a simple citizen, drawn by its lively sympathy and my great love for its people to live alone my private life. This does not permit me to make statements or lend myself to any publicity."

"From now on I am only Juan Peron, an ardent admirer of Paraguay. I ask you to pardon me. I do not wish to violate a rule which I have set for myself decisively."

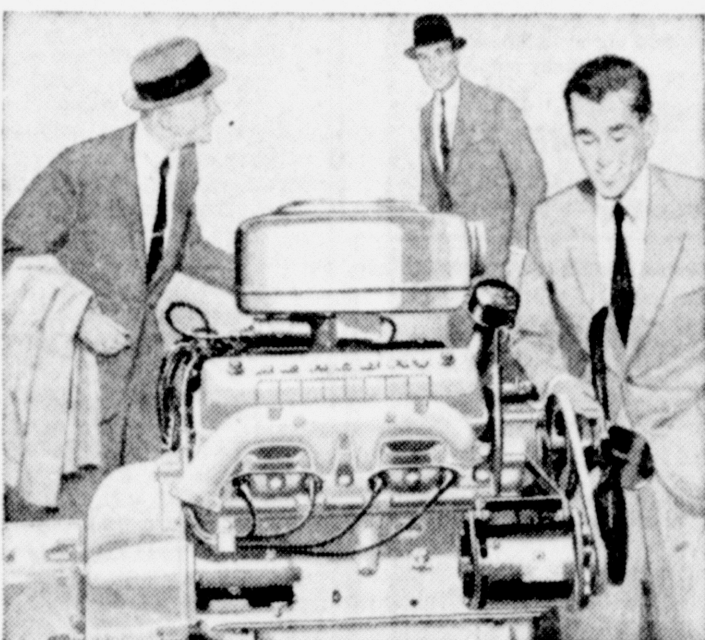

He relaxed here at the private home of Ricardo Goyol, an Argentine businessman living in Asuncion. The residence has a swimming pool and formal gardens.

FIFTY YEARS AGO

Received Gold Watch: Miss Marie Wassam, daughter of Michael T. Wassam of this place, received a gold watch at the unveiling of the Hanover battle monument last Thursday, she having stood second in a voting contest.

Crouse — Sieber Nuptial: On Wednesday afternoon at 2 o'clock the home of Dr. and Mrs. L. L. Sieber, W. Middle St., was the scene of a pretty wedding, when their second daughter, Miss Mary J., was united in marriage to Edgar A. Crouse, in the presence of a number of invited guests.

The ceremony took place in the parlor of the home, which was handsomely and beautifully arranged for the occasion, being trimmed with clematis and cosmos.

At the hour above stated the wedding party, preceded by the two ribbon girls, Miss Evangeline Sieber, sister of the bride, and Miss Edeline Crouse, niece of the groom, entered the parlor to the strains of Lohengrin's wedding march beautifully rendered by Mark K. Eckert.

The ceremony was impressively performed by Dr. Sieber, father of the bride, the ring service being used. During the ceremony Mr. Eckert played Intermezzo from Cavalleria Rusticana. The bride presented a beautiful appearance, being attired in a gown of point d'esprit trimmed with Valenciennes lace, over taffeta, and carried bride's roses. She entered the room on the arm of her brother, Rev. Luther Sieber.

Mr. and Mrs. Crouse will be at home at 135 Carlisle St. after November 1st.

Accidents: Mrs. Reuben Fickes, of New Chester, aged 90 years, had one of her arms fractured near the wrist, recently, by an accidental fall.

Pay Your Tax: The last day for the payment of taxes to enable an elector to vote at the coming election, is Saturday, October 7th, 1955. See that this matter is attended to.

Will Play For \$100: The Edgegrove baseball club has accepted a challenge from the Junior club of Irushtown to play a game on neutral grounds to be agreed upon for a purse of \$100.

Taken To Hospital: Mrs. John Toddes, 8 Washington St., was taken to the University of Pennsylvania Hospital, Philadelphia, last weekend and on Monday afternoon underwent an operation.

Three Fingers Mashed: Hilda, a little four-year-old daughter of Mr. and Mrs. D. I. Seasey, of New Oxford, had the three first fingers of her right hand badly mashed one day last week by a heavy window sash falling on them.

Presented Pastor With Decorations: Rev. Stanley Billheimer preached the harvest home sermon to the Chestnut Grove congregation on last Sunday morning. At the close of the service they presented the pastor with the decorations which consisted of the various fruits both in the raw state and canned and grain. It made a spring wagon load.

Died From Over Exertion: Frank Cornwell, residing near Emmitsburg, died leaning on the fence near his home from heart failure last Friday.

Mr. Cornwell was out driving and noticing an approaching automobile he alighted from the buggy and took his horse by the bridle. The horse frightened and dragged him for some distance when he became exhausted, released his grip and fell to the ground.

After a few minutes he recovered sufficiently to walk and started towards his home. When nearing his residence he stopped to rest, taking a leaning posture against the fence. Here he was met by his son to whom he remarked that he was feeling badly. He had scarcely uttered these words when he fell to the ground and expired, death being due to heart failure caused by exhaustion and fright.

Today's Talk

LEARN TO ACCEPT

It is my opinion that we should learn as early in life as possible to accept conditions that come up for decision, no matter what those conditions may be. Learning to accept is one of the great things in the building of character and a happy way of life.

One of the fine and able men in President Wilson's cabinet was Franklin K. Lane, a native of Canada. He became ill and went to the famous Mayo Brothers, in Rochester, Minnesota, for an operation. It was unsuccessful, and when he was informed of this, he merely smiled and said: "I accept." Then he joined that great throng of the brave.

All you have to do is thumb through a volume of "Who's Who" and there you will read the brief sketches of notable men and women who accepted the conditions of their birth — poverty, hardship, and many a discouraged day, finally to rise above them all, taking their place among the honored and distinguished of their time.

I once read the story of Sam Rayburn, the present speaker of the House in Washington. His youth was anything but easy, but he had sterling stuff and accepted the conditions of poverty that were his — but without complaint. His life story is an inspiration to the youth of this day. I have just read the recent book about the Eisenhower brothers. There was an average home in early Kansas. They all had to work, but each accepted what was meted out to him. All now marked successes in life — one of them as a great general and President!

Lafado Hearn was totally blind in one eye and only 30 per cent efficient in the sight of the other, yet he left a distinguished number of books and was for years a professor of English in the University of Tokyo. For years he was a wanderer and knew the very dregs of poverty, yet he accepted it all and went forward! Learn to accept and half the battle can then be won. Your courage will win the other half.

Tomorrow Mr. Adams will talk on the subject: "The Hidden Secret."

SECOND CHILDHOOD

They call it "second childhood," but when time has taken wing
There isn't any school bell after breakfast time to ring.
And there isn't any mother if you dawdle who will state:
"You must hurry, little fellow, or you surely will be late."

It may seem like "second childhood" but you'll walk instead of run.
And there won't be any ball game, for your playing days are done.
Your stomach may be aching; you may make a dismal scene,
But the pain won't come from eating peach or pear or apple green.

It is known as "second childhood" and it may be that is right,
But for cookies by the fistful you won't have the appetite.
On a diet strict they'll put you, leaving little to enjoy,
It won't be that happy childhood that you lived through as a boy.

What Happened When
You Had Polio

By HART E. VAN RIPER, M.D.
Medical Director National Foundation for
Infantile Paralysis

(Editor's note: This is the first of a series of five articles on what parents should know about the Salk polio vaccine. Under Dr. Van Riper's direction the National Foundation sponsored the research development of the vaccine and he is in charge of the Foundation's program for vaccinating children in the first and second grades of school.)

You have had polio.

Unless you are one of those exceedingly rare adults who are susceptible to polio paralysis but who, purely by chance, have gone through childhood without being infected, you certainly have had polio. The virus has invaded your system but was out-manuevered before it caused any lasting damage.

Chances are, moreover, that you have had polio more than once. Your doctor hopes so, at least. He also hopes that the same thing has happened to your children.

Shocked? You shouldn't be. If you are like the great majority of people, what you had was non-paralytic polio; and if the virus was introduced to you without the accompaniment of major aches and pains, you had the form of non-paralytic polio known as a "silent infection."

Protection From Paralysis

When the doctor hopes your children have been safely through a series of silent infections—real polio, mind you, but without illness and without paralysis—he is wishing all the best for them, for this means they are protected naturally against the paralyzing power of at least one of the three types of polio virus and possibly against all.

A polio infection is not something that happens only to a few thousand individuals each year, leaving them paralyzed. It happens to almost all of us, leaving in most cases no disability whatever, and usually without even making us ill—an infection that sooner or later reaches nearly as many people as the common cold.

This, for the parent seeking a better understanding of the vaccine developed by Dr. Jonas E. Salk with March of Dimes support, is Vital Fact Number One. It is important to remember that in time of polio epidemic for every person who comes down with the disease there may be a hundred or more in the same community who are carrying the virus.

Had To Find Call

What does "getting polio" in the sense used here mean? Why, if almost everybody gets it, doesn't everybody come down with symptoms, even go to the hospital and possibly come out crippled?

When the polio virus entered your system, to establish even temporary residence it had to find a cell in which it could live and reproduce. But en route, it had to travel, very briefly, in your blood stream. Had it not been successfully challenged in your blood, within a matter of hours it would have found its way to a nerve center with its paralyzing power intact.

But what happened was this: Small particles in your blood, known as antibodies, met the polio virus in your blood stream, "ran interference" for you and destroyed the power of the virus to paralyze.

Most Have Antibodies

Most human beings have antibodies and also are able to produce more of them when necessary. More are needed when there is a virus invasion of your body. Thus the presence of virus triggers the making of antibodies.

Non-paralytic polio does this.

whether it makes you sick enough to go to the hospital—as occasionally happens—or remains a silent infection. If the system does not "trigger"—that is, if it lacks the ability to create antibodies—rapidly enough, paralytic polio may result.

The Salk vaccination is not an infection. It introduces nothing into the human body that can do it any harm. What it does accomplish is to provide—for those who need it—extra help in creating antibodies.

How it does this will be the subject of tomorrow's article.

SAYS REDS PAY
HEAVILY FOR
SPY MECHANISM

PHILADELPHIA (AP)—Allen Dulles, director of the Central Intelligence Agency, estimates that Soviet expenditures in training, support and operation of "its over-all subversive mechanism" may approach 10 per cent of its expenditures on its over-all armament program.

Dulles made the statement yesterday before the 52nd annual conference of the International Association of Chiefs of Police. He warned that there is no hard evidence as yet that Russian underground subversive activities have ceased.

He also said the Soviets have a substantial stockpile of obsolete military equipment as well as a whole new series of equipment, some becoming obsolete and some surplus.

As an example he said, the Russians have a reserve of some 4,000 to 6,000 MIG-15 fighter planes which have been replaced with newer models.

A very substantial number of this reserve could be off-loaded as an adjunct to a general program of causing trouble throughout the world," he said.

This obsolete surplus military equipment has gone to Communist China and Indochina, Dulles said, and warned, "I should not be at all surprised if we soon heard that countries in this hemisphere were being approached."

Employ Handicapped
Week Opens Monday

The National Employ the Physically Handicapped Week, an annual observance designated by Congress when Americans are asked to support year-round community programs for the employment of disabled individuals, opened Monday.

Governor George M. Leader proclaimed the week in Pennsylvania, and Burgess William G. Weaver proclaimed it for Gettysburg.

Members of the local committee, one of the 83 affiliates of the Governor's Committee on Employment of the Handicapped, include Chairman, Arthur J. Roth; vice chairman, Fred G. Klunk; secretary-treasurer, Miss Martha Stall-smith.

Officials stressed that the major purpose of NEPH Week is to show the public, and particularly prospective employers, "that the physically handicapped can make useful and hard working employees when placed in a position that is suited to their capabilities. Records show that they are dependable and productive workers."

CAMDEN, N. J. (AP)—Peter F. Murdock, 42, of Philadelphia died at the wheel of his car Sunday night as he approached a toll booth of the Benjamin Franklin Bridge. The car ran wild and hit a parked vehicle and hurled it against the tower.

Camden County Coroner Howard W. Crehan said Murdock's body showed no sign of injury other than a few small bruises on the abdomen. An autopsy was ordered.

MANY ISSUES
BEFORE COURT

WASHINGTON (AP)—Faced with legal controversies of far-reaching importance, the Supreme Court reassembled to begin a new term Monday.

Communism, military justice and racial segregation stood out among the questions raised in an unusually heavy docket.

Brief opening-day formalities were all that were expected of Monday's court session. The heavy work on the docket of more than 700 cases gets under way next Monday.

The nine-month term is expected to produce a decision on the U. S. Communist party's challenge of the constitutionality of the Subversive Activities Control Act.

The law is the keystone of the government structure for registration and control of the Communist party, Communist "fronts" and Communist-infiltrated organizations. If allowed to stand, the party asserts, "there remains no limitation on the control by Congress over political expression."

Scheduled for reargument early in the new term is an attack on the key section of the Code of Military Justice. The question raised is whether Congress could authorize military court martial of a civilian for a crime alleged to have been committed while he was in the armed forces.

Find Girl Bitten
By Rabid Animal

SUFFERN, N. Y. (AP)—A 5-year-old girl sought in 13 states since she was bitten by a rabid fox at a game farm near Catskill was found Monday.

She is Nancy Bihler of Suffern. State Police here said the girl had been found after an intensive search and had received rabies injections from a local physician.

It was feared that if the girl did not receive antirabies injections promptly she would die.

Nancy was bitten Saturday by a fox that had wandered into a picnic area connected with the game farm, a sort of zoo in which many of the animals are loose.

Yankees Even Series With 5 Run Surge In Opening Frame Of Sixth Game; Final Today

By JOE REICHLER
NEW YORK (AP)—A pair of winning left-handers, aging Tommy Byrne of New York and youthful Johnny Podres of Brooklyn, carried the World Series hopes of their respective clubs today as the Yankees and Dodgers came to grips in the seventh and deciding game for the championship of the world.

The pendulum, which has been swinging back and forth, first favoring one team then the other, definitely had swung toward the Yankees, in quest of their 17th world title.

Not only did the American Leaguers have the benefit of their own Yankee Stadium, where they have beaten the Brooks three straight, but this time it was the Dodgers who were sorely beset by crippling injuries.

The odds-makers, who have called the turn in each of the six previous games when the teams they tabbed as favorites all came through, have made the Yankees 7-5 favorites to win today's game.

Will Lead Bullpen
The weatherman's prediction was "fair and mild" with the temperature in the low 70s.

This was the second series start for both Byrne and Podres. Byrne, 35, fired a five-hitter to win the second game, and Podres, 23, brought the Brooks back to life with a seven-hitter in the third game.

"I'll have everybody else in the bullpen," vowed Manager Walter Alton of the Dodgers, a statement echoed by Casey Stengel, the Yankee skipper.

Yesterday's 5-1 Yankee victory, which deadlocked the classic at three victories apiece, was a stunning blow to the Dodgers in more ways than one. Not only was young Karl Spooner shelved from the mound before he could retire two batters, but Duke Snider, the slugging star of the series so far, suffered a severe knee injury which forced him out of the game after only one time at bat.

Snider Wrenches Knee
The center field star, who has hit four home runs in this series, wrenched his left knee while chasing a fly ball hit by Bill Skowron in the third inning. Up to several hours before game time, it was uncertain whether Snider would be in shape to play today.

Jackie Robinson was another Dodger mainstay on the doubtful list. He aggravated a pulled tendon in the back of his left foot and the injury slowed him up perceptibly yesterday.

Alston optimistically expected Snider and Robinson to play.

"If they do, it will be the same lineup that we started today," he said. "If not, we'll have to wait and see."

Emergency Lineup
The "same lineup" has Junior Gilliam at second, Sandy Amoros in left. When Snider left the game, Amoros moved over to center, Gilliam to left and Don Zimmer went in at second. Such was expected to be the emergency lineup today.

The Yankees, too, expected to start the same lineup that won yesterday. Hank Bauer, back after a three-day layoff because of leg injury, chipped in with three hits yesterday. He said he strained his leg running to first in the fifth inning.

"But I'll play tomorrow," said the hustling outfielder, "even if I have to do it on one leg. I don't want to miss the big one."

Mantle Not Scheduled
Mickey Mantle, the other Yankee convalescent, was not expected to play, according to Manager Stengel, except in a pinch hit role.

The Yankees didn't need any help from Mantle yesterday as they struck quickly, knocking Spooner out with a stunning five-run attack before the young southpaw knew what had hit him. Skowron capped the lightning assault with a three-run homer after Yogi Berra and Bauer each had singled over one runner.

After that the game was entirely in the strong left hand of Whitey Ford, who never faltered. He pitched the finest game of the series, and probably his best of the year as he handcuffed the Dodgers with four singles to record his second series triumph. He struck out eight and permitted only four fly balls to be hit to the outfield.

The Dodgers again got fine relief pitching after the game was lost, the third time this has happened. Russ Meyer, the forgotten man of the staff, rushed in after Skowron crashed the ball into the right field seats and blanked the Yanks on four singles in five and two thirds innings. Ed Roebuck added two more scoreless innings in the eighth.

EX-BOXING HEAD ADMITS WRONG
PHILADELPHIA (AP)—The Pennsylvania Athletic Commission was told yesterday by its former chairman that two fight managers, accused of associating with racket figures, had acted as co-promoters of fights with his approval.

Former chairman Frank Wiener said he gave approval to Carmen Graziano and Anthony Ferrante to invest their money in the Plaza Boxing Club here because boxing was "at its lowest ebb" in this area.

Graziano and Ferrante, managers of lightweight champion Bud Smith and middleweight contender Joey Giardello, now in jail on an assault charge are charged with acts detrimental to boxing by the commission which seeks to revoke their licenses.

Graziano said that he and Ferrante each owned a quarter interest in the club from November 1953 until late last year.

Wiener, who was replaced as commissioner with a change in the state administration, said he accepted "full responsibility for this" club ownership by the managers.

Wiener said he knew it was against the law to permit a man to serve as a promoter when he has an interest as manager. That law "is all wrong," Wiener said. He said that by keeping the club going he hoped to "stimulate boxing in Philadelphia."

Graziano testified he had difficulty lining up bouts for some of his lesser known fighters and that as a result became a promoter.

The commission reserved decision after the hearing.

MACK IS RESTING
PHILADELPHIA (AP)—Connie Mack, 92, was reported resting comfortably today at Presbyterian Hospital, four days after he fell from his bed and fractured a hip. Mack is former owner-manager of the Philadelphia Athletics.

TWO DODGERS MAY NOT PLAY IN FINAL TILT

NEW YORK (AP)—The New York Yankees and the Brooklyn Dodgers entered the final game of the 1955 Hospital Series today all square in injuries just as they are in victories.

When Duke Snider stepped into a hole in the outfield and wrenched his left knee early in the Yankees' 5-1 victory yesterday, the National League champions found themselves without their batting star just as the Yanks have been most of the series without the effective bat of Mickey Mantle.

Mantle pulled a thigh muscle late in the regular season and has seen only limited service in the series. He'll probably get into action today as a pinch hitter if needed but the injury has not responded enough to permit him to patrol either his regular position in center field or even right field as he did during part of the second and third games.

Bauer Clubs Three
The Yanks got one of their cruppers back yesterday in Hank Bauer, who promptly connected with three hits to raise his series batting average to a lofty .600. Bauer also had pulled a thigh muscle in the second game.

Meanwhile, the Dodgers also face the loss of Jackie Robinson, whose .182 batting average belies his importance to the Dodgers. The veteran outfielder turned up with an aching Achilles tendon in his left heel and expressed doubt whether he would be able to play today.

Series Highlights
By ED CORRIGAN
NEW YORK (AP)—There was more activity in the bullpens than on the benches yesterday. Yankee Manager Casey Stengel sent his entire pitching staff, with the exception of starter Tommy Byrne, to the bullpen, and Brooklyn pilot Walt Alston did the same.

The one exception was Brook ace Don Newcombe. He said his sore arm was hurting and his Brooks weren't counting on him.

"Newcombe tried to throw in the bullpen yesterday, and they told me he wasn't right, so that's that," said Alston.

Stengel gave as his reason for the loaded bullpen:

"My pitchers have all winter to rest."

Yank shortstop Phil Rizzuto wasn't too happy about playing today's game — because of all things, he doesn't want to break Joe DiMaggio's record of having played in 51 World Series games.

"I'm dying to keep playing," said Rizzuto, "but it just doesn't seem right to break any record held by DiMaggio. I only wish we could have wrapped it up yesterday so I could have settled for a tie. But I don't think DiMaggio would mind."

Hank Bauer, who reinjured his bad right leg running out a grounder yesterday, admitted he didn't feel so good.

"It hurts like the devil," said the ex-Marine, "but there's only one more day, so I guess I can make it."

There's a budding feud brewing between Brook catcher Roy Campanella and second baseman Junior Gilliam over the latter's failure to cover the bag on Rizzuto's steal yesterday. Campy had to hold the ball until it was too late to nab the Scooter.

"I had the ball ready to throw, but there was no one to throw it to," snapped Campy. "On a play like that you have to either take a chance that the batter will hit the ball through and go for the bag, or stand there and let the man steal."

Gilliam seemed to resent being made the goat.

"I could have been there in time," he said, "but I shortened up on the batter (Billy Martin) so I could go straight over without leaving a hole. I think the ball got caught in Campy's glove."

New Reserve Corp Starts Training
WASHINGTON (AP)—A nucleus of the new national military reserve corps began training yesterday at five Army posts.

This first class of 1,167 men included 495 volunteer reservists and 672 National Guardsmen. The reservists formed an advance guard for a potential force of 90,000 summer trainees for the Army and 50,000 for the Air Corps, authorized through next June 30.

Gettysburg High School's defense proved no match for Chambersburg — Sidney Wells in particular — as the Trojans laced the Warriors 27-13 Monday evening at Chambersburg in the opening South Penn Conference game for each school. Wells tabbed three touchdowns and led an attack which pilled up 19 first downs against Gettysburg.

Both teams scored in the first period after which the Trojans took the lead and held the upper hand until the finish.

Bob Bondurant kicked off for Gettysburg Holden returning to the 36. Led by Wells and Larry Haulman, the Trojans reeled off three straight first downs to the Gettysburg 20 when Merle Gorman halted the threat by falling on a fumble.

However, the Trojans were not to be denied. On third down Fred Furney quick-kicked for the Warriors. Haulman returned to the Gettysburg 34 and then late rallied to Wells who streaked down the left side of the field for the score. Bing booted the extra point.

Stough Runs 44
Coach Howard Shoemaker's scrappy Warriors came right back to knot the count. After returning the kickoff to the 26, Dick Stough, again the aceball carrier for Gettysburg, hit center for four yards and on the next play took a pitchout and streaked 44 yards to the Chambersburg 26 before being dropped.

Glenn Weishaar then threw a pass to Joel Tonsel for the score and Earl Little kicked the extra point to tie the score at 7-7.

Chambersburg took the ensuing kickoff and marched 62 yards via an uninterrupted ground attack to score after 4:50 minutes of the second quarter. Wells skirting left end from the four-yard line. Bing converted to make it 14-7.

A blocked punt, recovered by Don Crone in the 30-yard line, presented Gettysburg a scoring opportunity late in the second period. Tonsel circled left end for 14. Stough added eight at right end and then added 22 more at right end to punt the ball on the 5 with 1:10 minutes remaining.

Passes Failed
Furney smashed center for two yards before Stough was spilled back on the nine. A Weishaar-Dearing pass was grounded. Weishaar spotted Gorman all alone in the end zone on the next play but the ball went off the receiver's fingertips with Chambersburg taking over and the half ending two plays later.

Chambersburg hiked its margin to 20-7 early in the third period when Wells booted through center from the 16 after the Trojans had marched from midfield. Bing's kick for the point was wide.

Late in the third period Bondurant, Gettysburg tackle, grabbed a fumble in midair to give Gettysburg possession on the Chambersburg 17 and set the stage for another score.

DEMARCO IS AFTER LEADERS
NEW YORK (AP)—Former lightweight champion Paddy Demarco, elated over his victory over Kenny Lane, today sought a shot with the other top-ranking contenders in the 135-pound ranks.

Currently unranked, the 22-year-old Brooklyn toughie climbed a step up the comeback ladder last night by winning a split 10-round decision over lane at St. Nicholas Arena.

Lane, 23, of Muskegon, Mich., is the No. 6 contender. He had a winning streak of 10.

Lane watched 149 1/2, De-Marco 141.

Beaten in July by Ralph Dupas, the No. 2 contender, De-Marco was no ball of the even in victory.

"Left-handers are hard to look good against," he said, "but I won and that's the main thing. I needed a fight under my belt. Now I'd like Frankie Ryhl of New York or a return with Dupas or any others in the top 10."

Paddy, as a rule, was guilty of avoiding most of the rules. Referee Ray Miller warned him repeatedly but did not penalize him.

other Warrior tally. Little whipped a pass to Stough on the 10 from where the latter sprinted over. Little's boot for the point was blocked by Wells.

The Trojans' final TD came after 6:50 of the final period and was set up when Wilcox recovered a Gettysburg fumble on the Trojans' 44. Spear-headed by Wells, Chambersburg drove to the one from where Norm Piper went over. Bing booted his third extra point.

Interception Hurts
Gettysburg took to the air in the dying moments and reached the Trojans' 10 only to have one of Little's passes intercepted by Sammy Swanger to erase the threat.

Mechanicsburg will come here for another league game Friday evening. The lineups:

MARYLAND IS VOTED LEADING COLLEGE TEAM

By THE ASSOCIATED PRESS
Maryland and Oklahoma convinced the experts of their football might last Saturday and today stormed into commanding positions in the Associated Press ranking poll.

Maryland's Terrapins, holding a shaky first-place margin over Michigan a week ago and actually trailing in first-place votes, gained an unshakable lead as a result of their 20-6 victory over Baylor.

Oklahoma's Sooners, who walloped Pittsburgh 26-14, jumped from fifth place to a strong third.

A total of 165 sports writers and broadcasters cast ballots and, in a surprising approach to unanimity, listed the first six teams this way: Maryland, Michigan, Oklahoma, Georgia Tech, Notre Dame and Army.

Georgia Tech and Notre Dame slipped down one notch as a result of Oklahoma's show of strength.

UCLA Is Seventh
From there on there wasn't such close agreement. UCLA retained seventh place by a bare two-point margin over Texas Christian, which moved up from 10th. Wisconsin vaulted into ninth and Southern California dropped to 18th.

Ohio State, rated eighth a week ago, disappeared from the picture after a 6-0 upset at the hands of Stanford.

The Baylor game was regarded as the big test for Maryland after it had beaten UCLA the previous week. As a result, Maryland's victory brought it 1,568 points in the poll on the usual basis of 10 for each first-place vote, 9 for second, etc. It had 88 first-place votes.

Michigan had a close call against a fired-up Michigan State team, winning 14-7 on some breaks and alert football. That was enough to keep the Wolverines in second place with 27 first-place votes and 1,223 points.

How They Rate
The leaders with first-place votes in parentheses:

1. Maryland (88) — 1,568

Plane Crash Kills Three In Oklahoma
UNION CITY, Okla. (AP)—A twin engine private plane crashed in flames three miles north of here last night, killing at least three persons.

One was tentatively identified as George Skakel, New York, chairman of the board of the Great Lakes Carbon Corp. The pilot was tentatively identified as Joe Warren Whitney, New York.

The third victim, a woman, was still unidentified.

PASTRANO MAY JOIN HEAVIES
NEW ORLEANS (AP)—While Pastrano, who takes off weight lower than a Japanese wrestler, may have fought his last fight as a light heavyweight last night when he slashed out a 10-round unanimous decision over rugged Paddy Young of New York.

The 19-year-old New Orleans fighter, the No. 3 challenger, went to the arena not twice a few hours before the fight in New Orleans' Municipal Auditorium to melt off a reluctant 212 pounds. At that, he had light heavyweight poundage only a slapping blow at 175 1/2. Young rated No. 8, weighed 171 1/2.

Pastrano said he felt weak after losing the weight. It didn't show, especially in the first round when he dropped Young twice. Young's only outstanding round was the fourth. Otherwise the up-and-coming New Orleans youngster had things pretty much his way against the fading veteran.

Judge Eddie Wolfe and Referee Pete Garuso scored the fight seven rounds for Pastrano, two rounds even, one for Young. Judge Francis Kercheval saw it seven for Pastrano, three for Young. The AP hand scored eight for Pastrano, one even and one for Young.

REDS INSPECT HOMES
WASHINGTON (AP)—Ten ranking housing officials of the Soviet Union made their first stop on an inspection tour of American homes today at a residential area in North Springfield, Va.

Led by I. H. Kozlov, Soviet minister of urban construction, the Russians arrived here last night for a four-week coast-to-coast tour under sponsorship of the National Assn. of Homebuilders.

Allie Reynolds is the last pitcher to haul two World Series shutouts. He blanked Brooklyn 2-0 in 1952 and shut out Brooklyn 1-0 in the 1949 opener.

Yankees Even Series With 5 Run Surge In Opening Frame Of Sixth Game; Final Today

By JOE REICHLER

NEW YORK (P)—A pair of winning left-handers, aging Tommy Byrne of New York and youthful Johnny Podres of Brooklyn, carried the World Series hopes of their respective clubs today as the Yankees and Dodgers came to grips in the seventh and deciding game for the championship of the world.

The pendulum, which has been swinging back and forth, first favoring one team then the other, definitely has swung toward the Yankees, in quest of their 17th world title.

Not only did the American Leaguers have the benefit of their own Yankee Stadium, where they have beaten the Brooks three straight, but this time it was the Dodgers who were sorely beset by crippling injuries.

The odds-makers, who have called the turn in each of the six previous games when the teams they tabbed as favorites all came through, have made the Yankees 7-5 favorites to win today's game.

The weatherman's prediction was "fair and mild" with the temperature in the low 70s.

This was the second series start for both Byrne and Podres. Byrne, 35, fired a five-hitter to win the second game, and Podres, 23, brought the Brooks back to life with a seven-hitter in the third game.

"I'll have everybody else in the bullpen," vowed Manager Walter Alton of the Dodgers, a statement echoed by Casey Stengel, the Yankee skipper.

Yesterday's 5-1 Yankee victory, which deadlocked the classic at three victories apiece, was a stunning blow to the Dodgers in more ways than one. Not only was young Karl Spooner shelved from the mound before he could retire two batters, but Duke Snider, the slugger star of the series so far, suffered a severe knee injury which forced him out of the game after only one time at bat.

Snider Wrenched Knee

The center field star, who has hit four home runs in this series, wrenched his left knee while chasing a fly ball hit by Bill Skowron in the third inning. Up to several hours before game time, it was uncertain whether Snider would be in shape to play today.

Jackie Robinson was the doubtful Dodger mainstay on the outfield list. He aggravated a pulled tendon in the back of his left foot and the injury slowed him up perceptibly yesterday.

Alton optimistically expected Snider and Robinson to play.

"If they do, it will be the same lineup that we started today," he said. "If not, we'll have to wait and see."

Emergency Lineup

The "same lineup" has Junior Gilliam at second, Sandy Amoros in left. When Snider left the game, Amoros moved over to center, Gilliam to left and Don Zimmer went in at second. Such was expected to be the emergency lineup today.

The Yankees, too, expected to start the same lineup that won yesterday. Hank Bauer, back after a three-day layoff because of leg injury, chipped in with three hits yesterday. He said he strained his leg running to first in the fifth inning.

"But I'll play tomorrow," said the hustling outfielder, "even if I have to do it on one leg. I don't want to miss the big one."

Mantle Not Scheduled

Mickey Mantle, the other Yankee convalescent, was not expected to play, according to Manager Stengel, except in a pinch hit role.

The Yankees didn't need any help from Mantle yesterday as they struck quickly, knocking Spooner out with a stunning five-run attack before the young southpaw knew what had hit him. Skowron capped the lightning assault with a three-run homer after Yogi Berra and Bauer each had singled over one runner.

After that the game was entirely in the strong left hand of Whitey Ford, who never faltered. He pitched the finest game of the series, and probably his best of the year as he handcuffed the Dodgers with four singles to record his second series triumph. He struck out eight and permitted only four fly balls to be hit to the outfield.

The Dodgers again got fine relief pitching after the game was lost, the third time this has happened. Russ Meyer, the forgotten man of the staff, rushed in after Skowron crashed the ball into the right field seats and blanked the Yanks on four singles in five and two thirds innings. Ed Roebuck added two more scoreless innings in the eighth.

EX-BOXING HEAD ADMITS WRONG

PHILADELPHIA (P)—The Pennsylvania Athletic Commission was told yesterday by its former chairman that two fight managers, accused of associating with racket figures, had acted as co-promoters of fights with his approval.

Former chairman Frank Wiener said he gave approval to Carmen Graziano and Anthony Ferrante to invest their money in the Plaza Boxing Club here because boxing was "at its lowest ebb" in this area.

Graziano and Ferrante, managers of lightweight champion Bud Smith and middleweight contender Joey Giardello, now in jail on an assault charge are charged with acts detrimental to boxing by the commission which seeks to revoke their licenses.

Graziano said that he and Ferrante each owned a quarter interest in the club from November 1953 until late last year.

Wiener, who was replaced as commissioner with a change in the state administration, said he accepted "full responsibility for this" club ownership by the managers.

Wiener said he knew it was against the law to permit a man to serve as a promoter when he has an interest as manager. That law "is all wrong," Wiener said. He said that by keeping the club going he hoped to "stimulate boxing in Philadelphia."

Graziano testified he had difficulty lining up bouts for some of his lesser known fighters and that as a result became a promoter.

The commission reserved decision after the hearing.

FIGHTS LAST NIGHT

By THE ASSOCIATED PRESS
BROCKTON, Mass. — Alex Brown, 203, Paoli, Pa., stopped Johnny Hoye, 202½, Taunton, Mass., 4.

PROVIDENCE, R.I.—Tim Jones, 160½, Newark, N.J., outpointed Bob Bolton, 164, Providence, 10.

MACK IS RESTING

PHILADELPHIA (P)—Connie Mack, 92, was reported resting comfortably today at Presbyterian Hospital, four days after he fell from his bed and fractured a hip. Mack is former owner-manager of the Philadelphia Athletics.

TWO DODGERS MAY NOT PLAY IN FINAL TILT

NEW YORK (P)—The New York Yankees and the Brooklyn Dodgers entered the final game of the 1955 Hospital Series today all square in injuries just as they are in victories.

When Duke Snider stepped into a hole in the outfield and wrenched his left knee early in the Yankees' 5-1 victory yesterday, the National League champions found themselves without their batting star just as the Yanks have been most of the series without the effective bat of Mickey Mantle.

Mantle pulled a thigh muscle late in the regular season and has seen only limited service in the series. He'll probably get into action today as a pinch hitter if needed but the injury has not responded enough to permit him to patrol either his regular position in center field or even right field as he did during part of the second and third games.

Bauer Clubs Three

The Yanks got one of their cripplers back yesterday in Hank Bauer, who promptly connected with three hits to raise his series batting average to a lofty .600.

Bauer also had pulled a thigh muscle in the second game.

Meantime, the Dodgers also face the loss of Jackie Robinson, whose .182 batting average belies his importance to the Dodgers. The veteran outfielder turned up with an aching Achilles tendon in his left heel and expressed doubt whether he would be able to play today.

Series Highlights

By ED CORRIGAN

NEW YORK (P)—There was more activity in the bullpens than on the benches yesterday. Yankee Manager Casey Stengel sent his entire pitching staff, with the exception of starter Tommy Byrne, to the bullpen, and Brooklyn pilot Walt Alton did the same.

The one exception was Brook ace Don Newcombe. He said his sore arm was hurting and the Brooks weren't counting on him.

"Newcombe tried to throw in the bullpen yesterday, and they told me he wasn't right, so that's that," said Alton.

Stengel gave as his reason for the loaded bullpen:

"My pitchers have all winter to rest."

Yank shortstop Phil Rizzuto wasn't too happy about playing today's game — because of all things, he doesn't want to break Joe DiMaggio's record of having played in 51 World Series games.

"I'm dying to keep playing," said Rizzuto, "but it just doesn't seem right to break any record held by DiMaggio. I only wish we could have wrapped it up yesterday so I could have settled for a tie. But I don't think DiMaggio would mind."

Hank Bauer, who reinjured his bad right leg running out a grounder yesterday, admitted he didn't feel so good.

"It hurts like the devil," said the ex-Marine, "but there's only one more day, so I guess I can make it."

There's a budding feud brewing between Brook catcher Roy Campanella and second baseman Junior Gilliam over the latter's failure to cover the bag on Rizzuto's steal yesterday. Campy had to hold the ball until it was too late to nab the Scooter.

"I had the ball ready to throw, but there was no one to throw it to," snapped Campy. "On a play like that you have to either take a chance that the batter will hit the ball through and go for the bag, or stand there and let the man steal."

Gilliam seemed to resent being made the goat.

"I could have been there in time," he said, "but I shortened up on the batter (Billy Martin) so I could go straight over without leaving a hole. I think the ball got caught in Campy's glove."

New Reserve Corp Starts Training

WASHINGTON (P)—A nucleus of the new national military reserve corps began training yesterday at five Army posts.

This first class of 1,167 men included 495 volunteer reservists and 672 National Guardsmen. The reservists formed an advance guard for a potential force of 90,000 six-month trainees for the Army and 5,500 for the Air Corps, authorized through next June 30.

Plane Crash Kills Three In Oklahoma

UNION CITY, Okla. (P)—A twin engine private plane crashed in flames three miles north of here last night, killing at least three persons.

One was tentatively identified as George Skakel, New York, chairman of the board of the Great Lakes Carbon Corp. The pilot was tentatively identified as Joe Warren Whitney, New York.

The third victim, a woman, was still unidentified.

PASTRANO MAY JOIN HEAVIES

NEW ORLEANS (P)—Willie Pastrano, who takes off weight slower than a Japanese wrestler, may have fought his last fight as a light heavyweight last night when he slashed out a 10-round unanimous decision over rugged Paddy Young of New York.

The 19-year-old New Orleans fighter, the No. 3 challenger, went to the sweat box twice a few hours before the fight in New Orleans' Municipal Auditorium to melt off a reluctant 2½ pounds. At that, he hit light heavyweight poundage only a glancing blow at 175½. Young rated No. 5, weighed 171½.

Pastrano said he felt weak after losing the weight. It didn't show, especially in the first round when he dropped Young twice. Young's only outstanding round was the fifth. Otherwise the upcoming New Orleans youngster had things pretty much his way against the fading veteran.

Judge Eddie Wolfe and Referee Pete Giaruso scored the fight seven rounds for Pastrano, two rounds even, one for Young. Judge Francis Kercheval saw it seven for Pastrano, three for Young. The AP card showed eight for Pastrano, one even and one for Young.

REDS INSPECT HOMES

WASHINGTON (P)—Ten ranking housing officials of the Soviet Union made their first stop on an inspection tour of American home-building methods today at a residential Springfield, Va.

Led by L. H. Kozulla, Soviet minister of urban construction, the Russians arrived here last night for a four-week coast-to-coast tour under sponsorship of the National Assn. of Homebuilders.

Allie Reynolds is the last pitcher to hurl two World Series shutouts. He blanked Brooklyn 2-0 in 1952 and shut out Brooklyn 1-0 in the 1949 opener.

MAY FIND CLUES TO CAUSES OF BRAIN AILMENTS

CHICAGO (AP)—A possible clue to the cause of some types of epilepsy, cerebral palsy, spastic paralysis and febrile convulsions was reported today by a team of University of Illinois researchers.

Dr. Frederic A. Gibbs and two colleagues said new findings with a "brain wave" machine suggest the possibility that certain neurological disorders of unknown cause may be late results of common virus infections of childhood, such as measles, mumps and whooping cough. They reported to the 24th annual meeting of the American Academy of Pediatrics.

The new studies "re-emphasize the need for finding improved preventive measures for common viral infections of childhood," Dr. Gibbs told a reporter, adding:

"Some important advances already have been made. And recent advances in the prevention of polio justify hope that prevention in the whole field of viral diseases will eventually be greatly improved."

The researchers said they had found evidence that encephalitis, or brain infection, commonly occurs in "supposedly uncomplicated cases" of measles and other prevalent virus infections of childhood.

They said that "fortunately" the number of cases in which the brain infection persists is small. But they added that in such persistent cases, convulsive seizures and neurological defect may show up several years or more after the child has recovered from his measles or other childhood virus disease.

BUSINESS IN TOP FORM FOR STRETCH RUN

NEW YORK (AP)—Business enters the last lap of 1956 in top form. It has two hurdles immediately ahead:

1. Reaction of industrialists and consumers to the political and economic implications of the President's illness.

2. Introduction of the new automobile models with consumer reaction furnishing the test of whether the auto industry will continue to lead the economy into new ground.

First reactions to the President's illness have been in the stock market. This is natural since it is the most sensitive instrument recording distant shocks to business.

Consumer spending at retail is expected to rise this month to nearly 16 billion dollars. Merchants freely predict that trade from now until Christmas will set a new high.

Resident buyers here report that retailers' purchasing plans for the rest of the year haven't bobbed since the president was stricken.

MAJOR PARTIES GO TO PRECINCT LEVEL FOR VOTE

By DON WHITEHEAD
WASHINGTON (AP)—The doorbell ringers in the precincts are the infantrymen of politics, and the top brass in both the Republican and Democratic parties know they are the troops who can win or lose a close election battle.

And so it is that 13 months before the 1956 presidential election, the political strategists are placing heavy emphasis on better organization at the precinct level.

The Democrats are drafting a program for training precinct workers and strengthening party organization, with Neil Staebler, Michigan real estate operator, directing the job. Staebler is given a large share of the credit for putting together an effective grassroots organization which swept Republicans out of major offices in Michigan last year.

Democratic leaders hope Staebler's plan for inspiring enthusiastic precinct work will be spread through the party. The Staebler idea, in essence, is to make the loyal precinct worker feel he has accomplished something for himself and his country—and that what he has done is appreciated.

Let People Participate
One political worker commented recently: "The day has gone when you can give a man at City Hall \$10 on election day, and get the job done. It won't work any more. You've got to attract the right kind of people into the organization and

a year ago. Shippers predict that rail freight volume between now and the end of the year will be nine per cent greater than last year. This will mean loading nearly 7 1/2 million freight cars during the three months.

Industrial plans for plant expansion have been increased, if anything, since the President's illness.

The second uncertainty centers in Detroit. Auto makers are confident the public will respond to the 1956 models with a burst of buying in the final weeks of 1955. We will have to wait to see.

Optimism is high because employment continues near the top and the national total of personal income after taxes stays at record levels. Many observers, therefore, feel that the public's strong urge to spend will continue through the rest of this year at least.

Jail Prisoners Drink Evidence

PHILADELPHIA (AP)—A batch of criminal cases were postponed yesterday in Delaware County Court House at suburban Media because prisoners awaiting trial had been accidentally put in a cell with some liquor being held as evidence from a raid.

Dist. Atty. Raymond B. Start said by the time a lawyer came to question one of the prisoners, much of the evidence from the liquor raid had disappeared. He said some prisoners were intoxicated and others visibly affected by the liquor, which had been passed from cell to cell.

give them a feeling of participation, a feeling of taking part in something that is big and vital to them and to the country. The hope of personal gain is an important element in this work—but it isn't by any means the force that drives most workers."

Staebler has said: "In a loose-jointed organization like a political party, the vigor with which people do their committee and precinct work is determined almost entirely by morale. . . . The most important ingredient (of morale) is a sense of significance."

Lauded Before Public
In Michigan, Staebler and other Democratic leaders have seen to it that the spotlight of recognition is turned not only on the leaders—but also on precinct workers who have done an outstanding job. These workers are introduced at the big banquets too and sip the heady wine of applause.

Just what methods the Republicans will use to fire up their precinct workers are not yet clear. But, spurred by President Eisenhower before his illness, they too are paying close attention to precinct organization.

One new effort in the Republican campaign will be a special drive directed by Clancy Adams of Mineral, Utah—to enlist new voters into the Republican party and get them into active participation in the party's affairs at the local level.

President Eisenhower in recent weeks is reported to have told GOP National Chairman Leonard Hall: "You can expect an old codger like me to be useful in only a few elections—but if you get a 21-year-old, he'll be around to work for you for years."

"KISSABLE LENGTH"
BATON ROUGE, La. (AP)—Hair should be "kissable" length, says Mrs. Tressie Arnold of Shreveport, first vice president of the Interstate Council of Beauty Boards. She said present styles are good because "the neck is left so it can be kissed."

OVERLOOK APRICOTS
PEORIA, Ill. (AP)—Police received a report from C. W. Lusher yesterday that someone broke into his car. Lusher said nothing was taken but that a case of 24 cans of apricots was left on the front seat.

A cup of uncooked rice will yield three to four cups of cooked rice, depending on the cooking method used.

OPEN HEARINGS ON EXCISE TAX; CALL LEADERS

WASHINGTON (AP)—Treasury officials were summoned to Capitol Hill today to help prescribe remedies for numerous headaches growing from administration of the federal excise tax laws.

Excises are those taxes applied to a multitude of commodities and services from cigarettes to cabs, and from tobacco to toilet preparations.

Secretary of the Treasury Humphrey and other government fiscal experts were called to testify before a House Ways and Means subcommittee headed by Rep. Forand (D-R).

Businessmen and others also will appear during the two weeks of scheduled hearings on technical and administrative problems. Rates are not involved at this time.

Tax experts regard the excise tax system as obsolete, filled with inconsistencies and inequities.

The system has never undergone a general overhaul, although it now produces between 9 and 10 billion dollars of revenue a year. Much of it is a patchwork of procedures which ultimately affect almost

NORFOLK, Va. (AP)—It was a shocking message the crew of the Norfolk tug Wizard heard as they rode at anchor in Bogue Sound, N. C., with a broken rudder.

The Coast Guard said the tug Mammie was unable to get to them because of high water.

"Because of water?" they asked. "High water," insisted the Coast Guard. The tide, swollen by a storm, prevented the opening of a draw bridge. The Mammie was on the other side.

O'CONNOR CASE TESTS POWER OF INVESTIGATORS

WASHINGTON (AP)—Harvey O'Connor was called to trial in Federal District Court here today on a contempt of Congress charge in a test of the power of congressional investigators.

O'Connor, an author residing in Little Compton, R.I., was questioned by the Senate Investigations subcommittee July 14, 1953, when, under the chairmanship of Sen. McCarthy (R-Wis.), it was investigating the State Department's overseas libraries program.

He refused to say whether he was a Communist when his books were purchased by the State Department, but in doing so he did not invoke the Fifth Amendment's protection against possible self-incrimination.

No One's Business
Instead he took the stand that "under the First Amendment to the Constitution, my writings, my books and my political opinions are of no legitimate concern to this committee."

He said he did not think it would tend to incriminate him to answer the question of whether he had been a Communist, but he told McCarthy: In effect, that his "political affiliations" were none of the subcommittee's business.

McCarthy said O'Connor had been called for questioning because taxpayers' money had been used by the State Department to buy his books and distribute them throughout the world, "ostensibly for the purpose of fighting communism."

O'Connor, author of "Mellon's Millions" and other books, testified he had not previously known that his books were in the overseas libraries. He said he certainly had nothing to do with their selection.

WASHINGTON (AP)—The doorbell ringers in the precincts are the infantrymen of politics, and the top brass in both the Republican and Democratic parties know they are the troops who can win or lose a close election battle.

And so it is that 13 months before the 1956 presidential election, the political strategists are placing heavy emphasis on better organization at the precinct level.

The Democrats are drafting a program for training precinct workers and strengthening party organization, with Neil Staebler, Michigan real estate operator, directing the job. Staebler is given a large share of the credit for putting together an effective grassroots organization which swept Republicans out of major offices in Michigan last year.

Democratic leaders hope Staebler's plan for inspiring enthusiastic precinct work will be spread through the party. The Staebler idea, in essence, is to make the local precinct worker feel he has accomplished something for himself and his country—and that what he has done is appreciated.

Let People Participate
One political worker commented recently: "The day has gone when you can give a man at City Hall \$10 on election day, and get the job done. It won't work any more. You've got to attract the right kind of people into the organization and

a year ago. Shippers predict that rail freight volume between now and the end of the year will be nine per cent greater than last year. This will mean loading nearly 7½ million freight cars during the three months.

Industrial plans for plant expansion have been increased, if anything, since the President's illness. The second uncertainty centers in Detroit. Auto makers are confident the public will respond to the 1956 models with a burst of buying in the final weeks of 1955. We will have to wait to see.

Optimism is high because employment continues near the top and the national total of personal income after taxes stays at record levels. Many observers, therefore, feel that the public's strong urge to spend will continue through the rest of this year at least.

Jail Prisoners Drink Evidence

PHILADELPHIA (AP)—A batch of criminal cases was postponed yesterday in Delaware County Court House at suburban Media because prisoners awaiting trial had been accidentally put in a cell with some liquor being held as evidence from a raid.

Dist. Atty. Raymond B. Start said by the time a lawyer came to question one of the prisoners, much of the evidence from the liquor raid had disappeared. He said some prisoners were intoxicated and others visibly affected by the liquor, which had been passed from cell to cell.

give them a feeling of participation, a feeling of taking part in something that is big and vital to them and to the country. The hope of personal gain is an important element in this work—but it isn't by any means the force that drives most workers."

Staebler has said: "In a loose-joined organization like a political party, the vigor with which people do their committee and precinct work is determined almost entirely by morale. . . . The most important ingredient (of morale) is a sense of significance."

Lauded Before Public
In Michigan, Staebler and other Democratic leaders have seen to it that the spotlight of recognition is turned not only on the leaders—but also on precinct workers who have done an outstanding job. These workers are introduced at the big banquets too and sip the heady wine of applause.

Just what methods the Republicans will use to fire up their precinct workers are not yet clear. But, spurred by President Eisenhower before his illness, they too are paying close attention to precinct organization.

One new effort in the Republican campaign will be a special drive directed by Clancy Adams of Mineral, Utah—to enlist new voters into the Republican party and get them into active participation in the party's affairs at the local level.

President Eisenhower in recent weeks is reported to have told GOP National Chairman Leonard Hall: "You can expect an old codger like me to be useful in only a few elections—but if you get a 21-year-old, he'll be around to work for you for years."

OPEN HEARINGS ON EXCISE TAX; CALL LEADERS

WASHINGTON (AP)—Treasury officials were summoned to Capitol Hill today to help prescribe remedies for numerous headaches growing from administration of the federal excise tax laws.

Excises are those taxes applied to a multitude of commodities and services from cigarettes to cabs, and from tobacco to toilet preparations.

Secretary of the Treasury Humphrey and other government fiscal experts were called to testify before a House Ways and Means subcommittee headed by Rep. Forand (D-R.I.).

Businessmen and others also will appear during the two weeks of scheduled hearings on technical and administrative problems. Rates are not involved at this time.

Tax experts regard the excise tax system as obsolete, filled with inconsistencies and inequities.

The system has never undergone a general overhaul, although it now produces between 9 and 10 billion dollars of revenue a year. Much of it is a patchwork of procedures which ultimately affect almost

High Water Stalls Tug Under Bridge

NORFOLK, Va. (AP)—It was a shocking message the crew of the Norfolk tug Wizard heard as they rode at anchor in Bogue Sound, N. C., with a broken rudder.

The Coast Guard said the tug Mamie was unable to get to them because of high water.

"Because of water?" they asked. "High water," insisted the Coast Guard. The tide, swollen by a storm, prevented the opening of a draw bridge. The Mamie was on the other side.

O'CONNOR CASE TESTS POWER OF INVESTIGATORS

WASHINGTON (AP)—Harvey O'Connor was called to trial in Federal District Court here today on a contempt of Congress charge in a test of the power of congressional investigators.

O'Connor, an author residing in Little Compton, R.I., was questioned by the Senate Investigations subcommittee July 14, 1953, when, under the chairmanship of Sen. McCarthy (R-Wis.), it was investigating the State Department's overseas libraries program.

He refused to say whether he was a Communist when his books were purchased by the State Department, but in doing so he did not invoke the Fifth Amendment's protection against possible self-incrimination.

No One's Business
Instead he took the stand that "under the First Amendment to the Constitution my writings, my books and my political opinions are of no legitimate concern to this committee."

He said he did not think it would tend to incriminate him to answer the question of whether he had been a Communist, but he told McCarthy, in effect, that his "political affiliations" were none of the subcommittee's business.

McCarthy said O'Connor had been called for questioning because taxpayers' money had been used by the State Department to buy his books and distribute them throughout the world, "ostensibly for the purpose of fighting communism."

O'Connor, author of "Mellon's Millions" and other books, testified he had not previously known that his books were in the overseas libraries. He said he certainly had nothing to do with their selection.

Four German Shepherd Dogs Being Groomed For Police

Q By HILLEL BLACK

PHILADELPHIA (AP)—Four German shepherd dogs, which at a command will jump through a plate glass window, are being used in an experiment that may prove the solution to the shortage of police officers in many of the nation's communities.

The experiment, first of its kind in city police work according to Commissioner Marguerite C. Johnson of Dearborn, Mich., is being conducted in her city of 120,000.

"Instead of having two policemen on a beat, we can send out a dog and an officer," she said. "The dog, if commanded, will jump through a plate glass window, flush out a suspect and disarm him, enter a burning building to search for victims, scale a 14-foot fence and stand guard."

Only Woman Commissioner

Mrs. Johnson, who is the nation's only woman police commissioner, is attending the 62nd annual International Assn. of Chiefs of Police Conference here. A grandmother, she also is commissioner of the Fire and Communications Department.

"So far," she said, "we think the experiment is terrific."

"The dogs, who also travel in patrol cars, could save many off-

cers' lives," she said. "If a man is armed with a knife or gun or is holed up somewhere, the dog will find him, flush him out, disarm him and then guard him until the officer arrives."

"And officers get no sass when they are patrolling with a dog. Everybody respects them."

She recalled how a dog held four men at bay while an officer left him and walked down a long block to call for a patrol car. When he returned, she said, the men hadn't budged an inch.

Commissioner Johnson brought one of the dogs, Sgt. Orvie, with her to the convention. Like all the dogs, he is perfectly gentle unless commanded by his officer or trainer to flush out a quarry or attack.

Sgt. Orvie registered at the convention by sticking his paw dipped in ink on an application blank.

FLOOD MOUNTS AS TAMPICO'S RIVER RISES

By JACK RUTLEDGE

MEXICO CITY (AP)—The flooded Panuco River rose to new all-time heights at Tampico today and officials predicted only about 20 blocks in the highest part of the Gulf Coast oil port would remain above water.

More than 60,000 of Tampico's 110,000 people had been driven from their homes to huddle in government centers. Officials said the city was in far worse shape than after the record hurricanes of 1905 and 1903.

The river's crest was expected to reach the city sometime today. Steel cables were stretched across many flooded downtown streets to keep those who ventured out from being swept away. Boats and launches navigated the streets.

Six more persons were reported killed yesterday in Tampico. Three drowned when a boat overturned. Broken power lines electrocuted three others.

The refugees clamored to start a mass exodus to higher and drier ground. With all highways under water and railroad connections out for weeks, women and children crowded the airport and a helicopter landing field improvised at the

525 Workers Are Hurt By John Wood Strike

CONSHOHOCKEN, Pa., Oct. 4 (AP)—Members of Local 2964, CIO United Steelworkers struck the John Wood Co. yesterday in a new contract dispute.

About 525 production and maintenance workers are affected by the walkout. The key issue reportedly was a demand for a 15-cent an hour wage increase. The company said it has offered pay rises of from 8 to 13 cents. Current wage scales were not disclosed. John Wood makes hot water heaters, tanks and electric welding products.

country club, pleading to be moved.

U. S. Aid

Telegraph and telephone communications with Tampico were cut again. Extra guards were posted to prevent looting and disorders in the disorganized city.

U.S. Air Force planes from Texas and 14 U.S. Navy helicopters from the aircraft carrier Saipan continued to pour supplies into Tampico. Officials said 90 per cent of the aid for the city was coming from the United States.

Reports from other areas in east Mexico told of mounting misery from flood and rains. Officials virtually abandoned efforts to tabulate the death toll from Hurricane Janet last week but it was around the 300 mark and still climbing. Ten bodies were found floating in a river near Pachuca yesterday. The report was typical of many.

CHARITIES GET DU PONT FUNDS

WILMINGTON, Del. (AP)—David F. du Pont left bequests of four million dollars to Delaware charities and two schools he attended.

The 21-year-old son of the late Lamont du Pont, former president and board chairman of the Du Pont chemical firm, was killed last month in an auto accident on Fishers Island, N.Y. He was to enter his senior year at Massachusetts Institute of Technology this semester.

The Wilmington Trust Co. announced that young Du Pont signed an agreement in August providing that in event of his death, four-fifths of his estate, estimated at five million dollars, would go into a charitable fund.

Million To MIT

Of this amount, a million dollars was to be given outright to MIT for expansion of its athletic facilities.

The remainder was to be held in trust with five per cent of the annual earnings returned to the estate to build up the principal. The Tower Hill School in Delaware, of which he was an alumnus, and several Delaware charities were apportioned the remaining 95 per cent of the annual earnings.

NO CURB FOR KIRBY

DECATUR, Ill. (AP)—The Kirbys have a corner on the street commissioner's office and it's fast becoming a tradition.

Lyle Kirby, who retired last spring after 12 years in the job, turned the office over to his son, Forest L. Kirby. Another son, William D. Kirby, is assistant superintendent in the department.

Thousands Of Students Will Get Second Polio Shot Soon

HARRISBURG (AP)—Most of the 406,000 Pennsylvania schoolchildren taking part in the national polio vaccination program will receive their second inoculation during the last two weeks of October.

"We hope to have most of the program for the second shot underway in a greater part of the state on the 17th," said Drs. James D. Purvis and William D. Schrack Jr., of the state Health Department's Preventive Disease Bureau.

Only the 406,000 schoolchildren who received the first dose of Salk vaccine earlier this year will be eligible for the second under the program of the National Foundation for Infantile Paralysis. They were all first and second graders when they received the first shot last spring.

Have 370,000 Doses

Schrack and Purvis disclosed that 370,000 doses of vaccine had been made available to the state last week for continuation of the national program. All the vaccine is

stored in Harrisburg and it will be distributed to county medical organizations direct.

The department at first requested 392,221 doses but there was no explanation for the difference between that number and the amount received.

"We are deciding now when it should be sent out from Harrisburg. Probably most of it will be shipped this week," Dr. Purvis added.

Three counties will get the jump on the others. In Lebanon County administration of the second inoculation began this week for about 3,600 eligible schoolchildren. Both Lancaster County, 9,700 doses, and Adams County, 2,200 doses, have made plans to begin work on the second shot Monday.

One county, Chester, has not de-

Expect Busy Bowmen During Deer Season

HARRISBURG (AP)—The Revenue Department estimates that 17,000 archers will participate in a special 12-day deer season for bow and arrow enthusiasts which begins Oct. 10.

Some 10,000 special \$2 licenses have already been issued to archers, the department said yesterday. Almost 15,000 took out permits last year.

cided on what date it will begin. The department officials disclosed that new regulations will require the completion of a report for every inoculation given under the program. No forms were required for the first round but the report forms have been requested for all shots given by private doctors.

new safe All-in-One capsule discovery for

EASY REDUCING

Science now helps you take off your fat while you eat the foods you choose

Do you like sweets, candy, cake, butter, gravy potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat? Well, be as skeptical as you like, but now, right now, there's a wonderful new kind of capsule that helps you take off pounds and inches of ugly fat safely, quickly and so much easier you hardly know what's happening. You don't suffer starvation dieting hunger, you take no drugs, you don't exercise. In fact, you don't even diet one bit more than you want to, because you automatically eat less and here's why...

fat goes fast

Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories yet expands when it absorbs water thereby helping give the feeling of a full, contented stomach. In fact these tiny capsules are so packed with vitamins and minerals, protein and non-caloric filling food, they actually equal and exceed many a meal.

fat goes fast

You'll be surprised at the fat you lose the first week, the inches that disappear the first month. No hunger, no strict dieting, no drugs, no exercise. And the cost is absolutely nothing unless you grow slim, more youthful looking, more active and enjoy better health.

We certify that ALL-IN-ONE CAPSULES are entirely safe for human consumption

Girl In Freak Mishap
WILLIAMSPORT, Pa. - A 10-year-old girl died today of a gunshot wound in the head which state police said was inflicted accidentally while her two brothers were shooting at target.
State Policeman John Ricketts and Carl B. Benson identified the victim as Florence Catherine Baker, daughter of Mr. and Mrs. Harold Baker, of nearby Linden.
The officers gave this account of the shooting:
Richard Baker, 11, and his brother, Gary, 8, were shooting at a bottle in a pine tree near their home yesterday afternoon.
After Richard discharged the gun they heard a groan from a nearby outbuilding and found their sister wounded. They carried her to the home and summoned a neighbor, Clair Chapman, who took the girl to the Williamsport hospital.
SELLS COUNTY HOME

No. 1 A JOINT RESOLUTION
Proposing an amendment to section eleven, article three of the Constitution of the Commonwealth of Pennsylvania, by providing that the Legislature may authorize increases in retirement allowances or pensions of employees who are members of a retirement or pension system now or hereafter enacted by the Commonwealth, its political subdivisions, agencies or instrumentalities.
The General Assembly of the Commonwealth of Pennsylvania hereby resolves as follows:
Section 1. The following amendment to the Constitution of the Commonwealth of Pennsylvania be and the same is hereby proposed in accordance with the eighteenth article thereof:
That section eleven of article three is hereby amended to read as follows: Section 11. No bill shall be passed giving any extra compensation to any public officer, servant, employee, agent or contractor, after services shall have been rendered or contract made, nor providing for the payment of any claim against the Commonwealth without the previous authority of law: Provided, however, That nothing in this Constitution shall be construed to prohibit the General Assembly from authorizing or increasing retirement allowances or pensions of members of a retirement or pension system now in effect or hereafter legally constituted by the Commonwealth, its political subdivisions, agencies or instrumentalities, after the termination of the services of said member.

Emmitsburg

The Senior Class of Saint Joseph's High School held the annual Freshman Welcome Dance on Friday. Chaperons were: Mrs. Galen Gough, Mr. and Mrs. Frank Topper and Mr. and Mrs. Donald Stoner.
Saint Anthony's Catholic Church sponsored games on Saturday in the school building. Proceeds of the affair amounted to about \$180. Games will be held Wednesday evening at the home of Mr. and Mrs. Irvin Miller, Hemler Rd., for the benefit of Saint Anthony's Shrine.
Miss Anna Marie Hobbs, daughter of Mr. and Mrs. Raymond Hobbs, has enrolled as a student nurse at Saint Agnes Hospital, Baltimore. Miss Hobbs is a graduate of Saint Joseph's High School, Emmitsburg, and for the past several years has been employed by the local American Store as cashier.
Mr. and Mrs. Guy A. Baker, Emmitsburg, and Mr. and Mrs. Ralph Lee Keilholtz, Rocky Ridge, visited from Friday to Sunday with Mr. and Mrs. Baker's son, Private Charles Baker, at Camp Lejeune, N. C.
The first fall meeting of the Emmitsburg Homemakers was held recently at the home of the president, Mrs. Robert G. Fitez. Supper was served to 20 members by the hostesses, Mrs. Fitez, Mrs. Roy Maxwell and Mrs. Robert Daugherty.
A business meeting followed the supper. In the absence of the secretary, Mrs. George Eyster, the minutes of the last meeting were read by Mrs. R. M. Zacharias. The treasurer's report was given by Mrs. E. L. Higbee.
The club was asked to donate clothing for a small girl who is attending the Maryland School for the Deaf, Frederick.
Mrs. Robert Daugherty reported plans for the bi-centennial celebration in 1977. Mrs. Fitez and Mrs. Kenneth Wagman were appointed to serve on the general committee. A card party was discussed but no date was set. Three new members were welcomed into the club: Mrs. J. W. Houser, Mrs. George Keepers, and Mrs. Henry Shank of Baltimore.
Nine local Homemakers attended the meeting of the Thurmont club at the home of Mrs. Victor Keifer, at which time a demonstration of "How to Have a Good Breakfast" was given by the food and nutrition committee.
Mr. and Mrs. William P. Smith and daughter, Barbara, Baltimore, were Sunday visitors at the home of Mr. and Mrs. J. Harry Scott. Lieutenant and Mrs. John H. Walter, Quantico, Va., were weekend visitors at the home of Mr. John Walter and Miss Agnes Walter.
Mr. and Mrs. Wayne L. Smith were recent visitors at the home of Mr. and Mrs. J. Harry Scott.
Miss Anna Louise DeBerry and Miss Gloria Herring, student nurses at South Baltimore General Hospital, spent the weekend with their parents, Mr. and Mrs. Claude DeBerry and Mr. and Mrs. Peter Herring.
Sunday guests at the home of Mrs. Louise Warthen were: Mrs. Lewis Callahan and sons, Gene and Lewis; Mr. and Mrs. John Callahan and son, John Jr., Baltimore; Mrs. Daniel E. Callahan, Gettysburg, Pa.; Mr. and Mrs. Victor Wolfe and daughter, Susan, Frederick.

MURDER SUSPECT FOUND DEAD IN GAS-FILLED ROOM

PHILADELPHIA (AP)—A 62-year-old man sought for questioning in the brutal weekend slaying of his wife, was found shot to death in his gas-filled apartment yesterday.
Police said William Bender apparently shot himself after turning on the gas jets in the kitchen of the third floor rear apartment he had rented last month.
He had been sought here and in New Jersey since early Sunday when the badly beaten body of his wife, Catherine, 41, was found in the living room of her home. She had been shot twice in the head and investigators have ordered a ballistics check on a small revolver found in Bender's hand.
Mrs. Bender, mother of six children, who was estranged from her husband for some time, was found by her son, Raymond, 14, when the youngster came downstairs for breakfast Sunday morning. He and a younger sister slept undisturbed through the night at the Bender home.
They told police their father had visited them on Saturday and that the couple had quarreled but there had been no violence.

Four German Shepherd Dogs Being Groomed For Police

Q By HILLEL BLACK
PHILADELPHIA (AP)—Four German shepherd dogs, which at a command will jump through a plate glass window, are being used in an experiment that may prove the solution to the shortage of police officers in many of the nation's communities.

The experiment, first of its kind in city police work according to Commissioner Marguerite C. Johnson of Dearborn, Mich., is being conducted in her city of 120,000.

"Instead of having two policemen on a beat, we can send out a dog and an officer," she said. "The dog, if commanded, will jump through a plate glass window, flush out a suspect and disarm him, enter a burning building to search for victims, scale a 14-foot fence and stand guard."

Only Woman Commissioner
Mrs. Johnson, who is the nation's only woman police commissioner, is attending the 62nd annual International Assn. of Chiefs of Police Conference here. A grandmother, she also is commissioner of the Fire and Communications Department.

"So far," she said, "we think the experiment is terrific."

"The dogs, who also travel in patrol cars, could save many off-

Scranton Transit Goes To Final PUC Session

HARRISBURG (AP)—Final argument will be held Oct. 18 on a public utility Commission ruling against the strike bound Scranton Transit Co. to show why it should not be penalized for failure to furnish service.

The PUC fixed the date for the Harrisburg session yesterday. The last of four hearings was held Sept. 27 when testimony of witnesses for the company and AFL Bus Drivers' Union was completed.

In requesting the argument, Harry H. Frank, Harrisburg, attorney for Scranton Transit, said he "particularly" wished to discuss PUC jurisdiction over labor-management relations, and the financial ability of the company to provide all necessary service when the strike ends.

FLOOD MOUNTS AS TAMPICO'S RIVER RISES

By JACK RUTLEDGE
MEXICO CITY (AP)—The flooded Panuco River rose to new all-time heights at Tampico today and officials predicted only about 20 blocks in the highest part of the Gulf Coast oil port would remain above water.

More than 60,000 of Tampico's 110,000 people had been driven from their homes to huddle in government centers. Officials said the city was in far worse shape than after the record hurricanes of 1905 and 1903.

The river's crest was expected to reach the city sometime today. Steel cables were stretched across many flooded downtown streets to keep those who ventured out from being swept away. Boats and launches navigated the streets.

Six more persons were reported killed yesterday in Tampico. Three drowned when a boat overturned. Broken power lines electrocuted three others.

The refugees clamored to start a mass exodus to higher and drier ground. With all highways under water and railroad connections out for weeks, women and children crowded the airport and a helicopter landing field improvised at the

525 Workers Are Hurt By John Wood Strike

CONSHOHOCKEN, Pa., Oct. 4 (AP)—Members of Local 2964, CIO United Steelworkers struck the John Wood Co. yesterday in a new contract dispute.

About 525 production and maintenance workers are affected by the walkout. The key issue reportedly was a demand for a 15-cent an hour wage increase. The company said it has offered pay rises of from 8 to 13 cents. Current wage scales were not disclosed. John Wood makes hot water heaters, tanks and electric welding products.

country club, pleading to be moved.

U. S. Aid
Telegraph and telephone communications with Tampico were cut again. Extra guards were posted to prevent looting and disorders in the disorganized city.

U. S. Air Force planes from Texas and 14 U. S. Navy helicopters from the aircraft carrier Saipan continued to pour supplies into Tampico. Officials said 90 per cent of the aid for the city was coming from the United States.

Reports from other areas in east Mexico told of mounting misery from flood and rains. Officials virtually abandoned efforts to tabulate the death toll from Hurricane Janet last week out it was around the 300 mark and still climbing. Ten bodies were found floating in a river near Pachuca yesterday. The report was typical of many.

CHARITIES GET DU PONT FUNDS

WILMINGTON, Del. (AP)—David F. du Pont left bequests of four million dollars to Delaware charities and two schools he attended. The 21-year-old son of the late Lamont du Pont, former president and board chairman of the Du Pont chemical firm, was killed last month in an auto accident on Fishers Island, N.Y. He was to enter his senior year at Massachusetts Institute of Technology this semester.

The Wilmington Trust Co. announced that young Du Pont signed an agreement in August providing that in event of his death, four-fifths of his estate, estimated at five million dollars, would go into a charitable fund.

Million To MIT
Of this amount, a million dollars was to be given outright to MIT for expansion of its athletic activities.

The remainder was to be held in trust with five per cent of the annual earnings returned to the estate to build up the principal. The Tower Hill School in Delaware, of which he was an alumnus, and several Delaware charities were apportioned the remaining 95 per cent of the annual earnings.

NO CURB FOR KIRBY

DECATUR, Ill. (AP)—The Kirbys have a corner on the street commissioner's office and it's fast becoming a tradition.

Thousands Of Students Will Get Second Polio Shot Soon

HARRISBURG (AP)—Most of the 406,000 Pennsylvania schoolchildren taking part in the national polio vaccination program will receive their second inoculation during the last two weeks of October.

"We hope to have most of the program for the second shot underway in a greater part of the state on the 17th," said Drs. James D. Purvis and William D. Schrack Jr., of the state Health Department's Preventive Disease Bureau.

Only the 406,000 schoolchildren who received the first dose of Salk vaccine earlier this year will be eligible for the second under the program of the National Foundation for Infantile Paralysis. They were all first and second graders when they received the first shot last spring.

Have 370,000 Doses

Schrack and Purvis disclosed that 370,000 doses of vaccine had been made available to the state last week for continuation of the national program. All the vaccine is

new safe All-in-One capsule discovery for
EASY REDUCING
Science now helps you take off your fat while you eat the foods you choose
Do you like sweets, candy, cake, butter, gravy potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat? Well, be as skeptical as you like, but now, right now, there's a wonderful new kind of capsule that helps you take off pounds and inches of ugly fat safely, quickly and so much easier you hardly know what's happening. You don't suffer starvation dieting hunger, you take no drugs, you don't exercise. In fact, you don't even diet one bit more than you want to, because you automatically eat less and here's why . . .
counteracts hunger
Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories yet expands when it absorbs water thereby helping give the feeling of a full, contented stomach. In fact these tiny capsules are so packed with vitamins and minerals, protein and non-caloric filling food, they actually equal and exceed many a meal.
fat goes fast
You'll be surprised at the fat you lose the first week, the inches that disappear the first month. No hunger, no strict dieting, no drugs, no exercise. And the cost is absolutely nothing unless you grow slim, more youthful looking, more active and enjoy better health.
We certify that ALL-IN-ONE CAPSULES are entirely safe for human consumption

Expect Busy Bowmen During Deer Season

HARRISBURG (AP)—The Revenue Department estimates that 17,000 archers will participate in a special 12-day deer season for bow and arrow enthusiasts which begins Oct. 10.

Some 10,000 special \$2 licenses have already been issued to archers, the department said yesterday. Almost 15,000 took out permits last year.

cided on what date it will begin. The department officials disclosed that new regulations will require the completion of a report for every inoculation given under the program. No forms were required for the first round but the report forms have been requested for all shots given by private doctors.

HOST CLAIMS LEADER POSES FALSE FRONT

HARRISBURG (P)—Miles Horst, Republican state chairman, said today Gov. Leader will come up with "a new version" of the classified income tax after the Nov. 8 municipal election.

"Gov. Leader is trying to give the impression that he has given up his efforts to force his unfair and unjust wage and income tax through the Legislature this year, but we say, don't be taken in," he declared.

Horst said Democrats are seeking to put off a decision until after election, adding:

"They are hoping that the differences that a few misguided persons recently have been attempting to stir up among Republicans will result in our party making a poor showing in some of the very important local elections this year."

Horst made the statement in a speech, prepared for delivery at a meeting of Republican county chairmen, as Republican and Democratic leaders went into the second compromise tax conference with Gov. Leader in as many days.

Yesterday's conference lasted all day and extended into a night session but neither side gave any indication that any progress was made toward agreement on a tax program.

The conferees were reportedly studying Gov. Leader's proposed \$1,800,000,000 budget item by item.

Edward B. Logan, budget secretary under five Republican governors, joined the conferees yesterday as a principal advisor to Republican participants in the sessions. Logan was replaced as budget secretary by Andrew Bradley when Leader took office last January.

BIG CHICKEN THIEF

KENTON, Ohio (P)—Roy King, farmer, solved the mystery of his disappearing chickens, but was surprised at the size of the thief. He killed an owl having a wing spread of 5 1/2 inches. It weighed 3 1/2 pounds.

Give applesauce good flavor by adding sugar to taste, dash of salt, lemon rind and lemon juice, a suspicion of nutmeg. Taste wonderful over vanilla ice cream.

Bishop Epp To Preach At EUB Dedication

WASHINGTON (P)—Four Pennsylvanians will participate in dedication services this month of the Albright Memorial Evangelical United Brethren church of Washington.

Dedication of a \$200,000 sanctuary will mark completion of a church project begun in 1925 when the congregation met in a tent. Preaching the opening sermon at services this Sunday will be Bishop George E. Epp of Harrisburg. Assisting Bishop Epp will be the Rev. George W. Spake, the church pastor, who served formerly in Williamsport; the Rev. Dr. Norman L. Hummel of York, conference superintendent of the southern district of the Central Pennsylvania conference, and the Rev. Dr. Reed O. Stealy of Williamsport, superintendent of the northern district.

Dr. Roy H. Steller of Harrisburg, publisher of the Evangelical Press, will speak at an Oct. 14 service.

PREPARES FOR MUSIC FESTIVAL

HARRISBURG (P)—Legislators trying to break Pennsylvania's tax and fiscal deadlock might take a tip from Miss Inez Bull, concert singer, and say it with music.

Miss Bull is making final preparations for the third annual Ole Bull music festival in the Susquehanna State Forests, Potter County, Oct. 15.

The festival honors Miss Bull's relative, Ole Bull, world-famed Norwegian violinist of a century ago. But this year eyes will be on more than the music sheets.

Supporters of the festival and residents of the area are hopeful of getting a state appropriation of \$20,000 to restore the site of Ole Bull's castle in the state park.

Only a ruin is now left of the building—referred to as the "castle"—which Ole Bull had planned as a home for his family when he led a group of Norwegian settlers to the thickly wooded site back to 1852.

The appropriation bill was introduced by Sen. James S. Berger (R-Potter) back on Feb. 15. It won Senate committee approval a month later but went back to that chamber's appropriations committee there to await the completion of a tax program.

JAVA VOTE AIDS FORMER PREMIER

By LARRY ALLEN

JAKARTA, Indonesia (P)—All Sasroamidjojo was on his way back to leadership of the Indonesian government today. His Communist-oriented Nationalist party continued to roll up an impressive lead in returns from the island republic's first general elections.

With almost two thirds of the total expected vote counted, unofficial tabulations gave the Nationalists 6,814,820 and the Communists 4,878,773. The Moslem Orthodox Radicals had 5,137,687 and the Moslem M. S. Sumi — before the election considered Indonesia's largest party — trailed with 3,882,299.

About a million and a half other votes counted were scattered among 186 other parties or individual candidates for the Parliament's 260 seats.

Heavy Javanese Vote

Most of the count so far was from Java, most populous of Indonesia's 3,000 islands. The big central island will send 168 members to Parliament and the Nationalists appeared certain to capture a majority of the House.

The voting started last Thursday and will continue for weeks on outlying islands. But the outcome in Java was expected to be decisive.

Two Face Trial For Rich Widow's Murder

PHILADELPHIA (P)—Raymond P. Wilson, 33, charged with murdering a wealthy widow in her Adelphia Hotel suite last July, was held for grand jury action yesterday.

The victim, Mrs. Lulubel H. Rossman was found strangled in her room on July 4.

Meanwhile, Frank J. Ellsworth, who also is accused by police in the slaying, lost his court battle in Memphis, Tenn., against extradition to Philadelphia.

The pair originally was arrested in Las Vegas, Nev., shortly after the slaying. They were gambling with \$100 bills and had \$87,000 in cash at the time of their arrest.

ALWAYS A FIRST

ELYRIA, Ohio (P)—A 50-year-old man from Brilliant, Ohio, yesterday earned the dubious distinction of being the first motorist punished for driving the wrong way on Ohio's new turnpike. Lawrence A. Brooks, also convicted of drunk driving, was fined \$150 and sentenced to three days in jail by Mayor J. Grant Keys.

DUCKS DON'T DUCK

GAINESVILLE, Fla. (P)—Ducks will no longer have to duck when they swim in Gainesville's duck pond.

A 2 1/2-foot alligator has been eating them wholesale for the past two weeks but City Policeman C. A. Roberts finally dispatched it with a rifle shot.

NEW METHOD

MEDFORD, Ore. (P)—Experiments in pear orchards here hint that the oily smudge tilling the air on cold nights can be eliminated. Experimenters from Oregon State

College tried burning sawdust briquettes and lengths of waste wood from sawmills to heat the air. They said the method holds promise, gives clean smoke and the cost is comparable with that of oil.
